

## Kiwanis Club Makes Presentation—

## Public Library Has 'Open House' Wednesday, Given Hi-Fi System

"Open house" was held Wednesday evening at the Sedalia Public Library, when people of the community were given an opportunity to see the newly redecorated library. Wednesday night was a greater occasion than that, however, because a wonderful gift was presented to the library, the high-fidelity equipment for the new Listening Room, from the Kiwanis Club. Although city libraries of today often have a listening room devoted to record playing, it is something rarely, if ever, found in a library in a town this size.

The program preceding the open house was held in the assembly room on the second floor of the library and was presided over by C. E. Messerly, president of the library board.

Mayor Julian H. Bagby was introduced and told briefly of how, when he was elected mayor the first time in 1935, his attention was called to the wall of the building and it was repaired by WPA labor in 1936. In 1945, he said, he

was told of the crumbling foundation and he went on to tell of the plans made, the library board's request for a bond issue and its passage without an increase in taxes. He said he felt that much credit was due the library board, the staff, the City Council and the public for saving this beautiful library building which means so much to the community.

Messerly then explained that a great portion of the money went into the foundation of the building, but that the library had been painted, inside and out, new blinds had been purchased, new floor covering had been laid, new lighting had been installed and there is new furniture in the Listening Room.

Jack Shoemaker, president of the Kiwanis Club, then presented the gift to the library and the city of Sedalia from the Kiwanis Club.

Kiwanis, he said, is happy to be in on the climax of the library repairs. Many services are offered

by the library, he pointed out. The library extends reading enjoyment through books, periodicals, pamphlets, and other reading material; then there are pictures, there are radio programs, motion picture films, free educational films, the Recordak on which back issues of The Sedalia Democrat may be seen, the children's hour once a week and even jig-saw puzzles. The library offers meeting rooms, free of charge, and now the Listening Room in the basement with the new hi-fi equipment.

Shoemaker went on to tell that the gift from Kiwanis was the idea of Albert Wuefling, who has great knowledge and love of music. Wuefling's interest in the hi-fi equipment inspired him to suggest the gift, which, when taken before the board was immediately decided upon. He said that it was then turned over to the music chairman, William Ward, who worked with Wuefling in getting the hi-fi sound equipment, and he added it

## Labor Election Is Held

## Ballot Is Victory For International Longshoremen's Group; Long Fight

NEW YORK (AP)—The International Longshoremen's Assn., 64-year-old orphan of organized labor, has scored a ballot box victory to retain its right to represent the 22,000 waterfront workers in the Port of New York.

The National Labor Relations Board announced today that longshoremen and other dock workers had voted 11,827 to 7,423 in favor of the ILA against the AFL-CIO International Brotherhood of Longshoremen (IBL).

This is the third time in three years that the ILA has beaten challenges by the IBL, set up by the AFL as a rival after the AFL ousted the ILA on charges of failing to rid itself of racket and crime elements. That was before the merger of the AFL and CIO.

The ILA victories in the two previous elections were by slim margins.

The ILA's counsel said the new victory should lead the AFL-CIO to "welcome back" the ousted union.

Results of the election, held at six polling places in New York City and on the northern New Jersey side of the port, were announced at 12:55 a.m.—about six hours after the polls closed.

In addition to the ILA-IBL tally, the NLRB reported 1,107 ballots challenged and to be adjudicated; 143 votes for no union; and 92 ballots declared void.

The orderly conduct of the election won praise from officials of the Police Department and the Waterfront Commission of New York Harbor.

A similar election between the two unions in December 1953 was marked by stabbings and brawls. The results of that election, in which the ILA was the apparent victor, were set aside by the NLRB on the ground that voters had been intimidated and coerced.

The NLRB ordered a new election, and in May 1954, the ILA won 9,407 to 9,144. The IBL resumed its organizing efforts and campaigning, and instituted yesterday's new test of strength.

## Soviet, Japan State of War Will Be Ended

MOSCOW (AP)—A declaration ending the 11-year state of war between the Soviet Union and Japan probably will be signed in the Kremlin tomorrow night.

The Soviet Foreign Ministry announced a Kremlin banquet in honor of Premier Ichiro Hato-yama, who heads Japan's peace negotiating mission, would be held tomorrow night. Foreign Ministry sources said the signing ceremony probably would immediately precede the banquet. Such banquets usually are held at the conclusion of negotiations.

Ichiro Kono, Japanese agriculture minister, scheduled today what may be a last meeting with Communist party leader Nikita Khrushchev to work out final details of the territorial issue which has deadlocked peace negotiations for 16 months.

Japanese sources declined to say whether the Russians had given any ground on Japan's demand for return of the Soviet-occupied Habomais and Shikotan islands north of Japan. It seemed likely any Soviet promise to return these islands would be linked with a Japanese renunciation of all claims to Etorofu and Kuma-shiri in the southern Kuriles.

## State PTA Convention Will Be Held in K.C.

Several hundred delegates, representing 223,572 members in approximately 2,000 PTA units in Missouri are expected to attend the 41st annual convention of the Missouri Congress of Parents and Teachers in Kansas City, Oct. 30, 31 and Nov. 1. General sessions will be held in Municipal Auditorium. The theme of the convention is "Accent on Improvement."

Mrs. Frank B. Leitz, Kansas City, is president of the organization and will preside at all sessions.

Major addresses will be given by Mrs. Ralph Hobbs, vice-president of the National Congress of Parents and Teachers, of Cataula, Ga.; Dr. T. M. Stinnett, National Commission on Teachers Education and National Standards, Washington D. C.; Hubert Wheeler, State Commissioner of Education of Missouri; and Dr. J. Cloyd Miller, president of New Mexico Western College, Silver City, N. M.

A NEIGHBORLY GROUP—This is part of the crew of 54 neighbors of Glenn Chamberlin, of Route 1, Houstonia, who last Tuesday gathered together to harvest Chamberlin's corn crop east of Hughesville. Chamberlin, who fell victim of his own corn picking machine when he caught his left wrist in the machine and his hand had to be amputated, is in Fitzgibbon Hospital at Marshall. After his accident, the "ball started rolling" among the neighbors to go to Chamberlin's three corn crops and harvest it for him. Ninety acres were stripped of corn and put into a large barn in a day's time. The party stands in front of part of machinery used in the work, all of which was estimated to be valued at \$150.00. ## Work to Start On Broadway In Next Year

## Highway Engineer Advises Chamber On Contract Status

In answer to an inquiry by the Chamber of Commerce, the Missouri State Highway Commission recently advised Chamber officials that a construction program for Broadway is set for 1957 regardless of the Urban Plan election results.

The letter as received by Jack Faber, executive manager of the Chamber, reads as follows:

"Following our telephone conversation of this date, I am glad to advise that it is on our presently approved construction program to include the improvement of Broadway between Limit and New York Avenues during the fiscal year beginning July 1, 1957. This improvement will be carried out in accordance with the plan outlined in the Sedalia Urban Area Report of 1954. Barring unforeseen obstruction the contract for the Broadway improvement will be awarded about the middle of next year, with the expectancy of completing the work before the close of 1957.

"Additional improvements outlined in the Sedalia Urban Plan will, of course, be dependent on Sedalia meeting its share of the right of way costs. It so happens that the Broadway project can go ahead because no additional right of way is needed. Such is not true of the work on the other proposed

## German Unrest Reported

## Independent Paper Says Red Police Rush to Magdeburg, Center of Strikes

BERLIN (AP)—Labor unrest has erupted into slowdown strikes in three Communist East German cities, a West Berlin newspaper reported today.

The independent paper Der Tag said 2,000 Red police had been rushed from East Berlin to the city of Magdeburg, reported center of the strikes.

Official sources in West Berlin said so far they had not received confirmation of Der Tag's report. But the official Communist trade union paper Tribune admitted two days ago that workers in four big Magdeburg plants had shown "dissatisfaction" with excessive work and poor pay.

The Red organ said the complaints were justified and warned local union officials to take care that in the future "the interests of the workers are not violated."

Der Tag said the slowdowns have spread to sections of factories in two other cities—Erfurt and Karl-Marx-Stadt.

"The main reason for the refusal to work," the West Berlin paper said, "lies in the fact that management has raised work quotas without granting suitable wage increases."

Almost the same circumstances touched off the bloody East German workers' rebellion of June 17, 1953. This uprising—which began in East Berlin and spread like wildfire to other East German cities—finally was put down with the aid of Soviet tanks and soldiers.

The East German press made no mention today of the strikes. Der Tag noted the Tribune report and claimed unrest was much greater than the Communists admitted.

According to the West Berlin paper: "The Magdeburg strike has affected the big electrical plant that is almost exclusively concerned with export orders for the Soviet bloc."

There have been no reports of arrests or violence in Magdeburg or the other two cities. But armed police have cordoned off individual buildings at the Magdeburg electrical plant and are making regular patrols through all sections.

## Says Full Picture Of Farm Is Bright

KANSAS CITY (AP)—A college president said today the full picture of American farm production is bright but problems and challenges will remain.

The American farmer must be able to help in food production for the whole world, Dr. Oliver S. Williams, president of Oklahoma A & M College said at a breakfast honoring national award winners at the annual Future Farmers of America convention.

"There will never be peace until all other peoples of the world are well fed," he said.

The speaker predicted that within a few years only 10 per cent of the population would be actively engaged in farming. As a result, the American farmer must tell his story more forcefully to the public.

Honored at the breakfast, sponsored by the Butler Manufacturing Co., were FFA chapters having the best state records in livestock loss prevention.

The chapters, their presidents and advisers honored included: California, Mo., Harold Strobel and Robert Denker.

## Opposes Annual Legislative Sessions

JEFFERSON CITY (AP)—Former Gov. Forrest C. Donnell added his voice today to those opposing a plan for annual legislative sessions and a mandatory veto session.

He was the fifth and last of Missouri governors or former governors to speak out against the proposed constitutional amendment to be voted on next month.

## Sedalia Youth Is Injured In Accident

## Dennis Davis' Car Leaves Road Near Clifton City

Dennis Davis, 18, son of Mr. and Mrs. Harley D. Davis, 518 East 12th, was seriously injured about 6:30 a.m. Thursday when the car he was driving left the road and crashed into a ditch at the Clifton City intersection of Highway 135 and Highway 50. It was a one-car accident.

Davis, driver of the car, suffered a fracture of the pelvis, cut of the forehead, bruises and several slight abrasions on the right leg.

His brother, S-Ps Charles Davis, 21, suffered cuts on the right hand. The two brothers were brought to Sedalia in the Ewing ambulance and taken to Bothwell Hospital, where Dr. John Carlisle attended them.

Lawrence "Larry" Englund, 22, of 1300 South Ohio, also a passenger in the car, was not injured. The three were enroute to a farm north of Ottumwa, where they had planned to go hunting, and were driving east on Highway 50 when the accident occurred.

Dennis told State Trooper Pete Stohr he came around a curve and started to pass a car, when the car pulled to the left as if to make a turn onto Highway 135. He said he pulled to the left and applied his brakes. The car left the left shoulder and went down along the edge of a field. As it came to a ditch on the east side of Highway 135, the car struck a skid sign and knocked it down, skidded sideways across the black top pavement and stopped in the ditch on the east side of the highway.

Dennis was thrown out of the car and his brother out on top of him. The car a 1948 Plymouth sedan, was extensively damaged.

## Hubbard Homecoming Parade Will Be Held On Friday Afternoon

The Hubbard School Homecoming Parade will leave the school at 2:10 Friday afternoon. The route it will follow is: Osage to Pettis, East on Pettis to Ohio, South on Ohio to Sixth, East on Sixth to Lamine, North on Lamine to Main, West on Main to Ohio, North on Ohio to Pettis, East on Pettis to Osage, Osage to the school.

Appearing in the parade will be the Hubbard Band, floats, new cars from the motor car dealers of Sedalia, marching units, Homecoming Queen Janie McFerrin, and the marching band from Lincoln University.

## Old Formula Fails

Even the time-honored custom of encouraging rain by washing the family car seems to have lost its potency these days.

Partly cloudy and continued warm tonight and Friday; low tonight in low 50s; high Friday in low 80s.

The temperature at 7 a.m. was 52, 82 at 1 p.m. and 83 at 2 p.m. Low Wednesday night 50.

The temperature one year ago today, high 52, low 34; two years ago, high 61, low 41; and 3 years ago, high 85, low 50.

Stage at the Lake of the Ozarks, 53.4 feet, no change.

## Weather Forecast Is 'Ho Hum' Variety

KANSAS CITY (AP)—Missouri's weather forecast today is of the "ho-hum" variety.

Partly cloudy with little change in temperature is about it. Highs Friday will be up around 78 to 85, which is above normal for this time of the year.

## H. C. Salveter Is Speaker At Demo Rally

The Democratic party held a rally Wednesday evening at the Manila Community Club. After the introduction of candidates, the principal address was given by Henry Salveter.

Salveter called attention to the fact that the state of Missouri was extremely fortunate in having for its United States senator Sen. Thomas C. Hennings.

Said the speaker, "Mr. Hennings is one of the hardest working senators in the United States Senate today. We, in this state, can be thankful that he is there and we know that the nation as a whole is grateful for his services. I know that regardless of political party, all of you recognize that Mr. Hennings deserves to be returned to the United States Senate."

Continuing, Salveter said, "before turning to my comments on the local candidates, I want you to know that I have known Morgan Moulder for quite a long time and I sincerely believe that he has done an excellent job as your representative in Congress from the 11th District of Missouri. I feel that, knowing him as I do and knowing his excellent record as a hard working Congressman, continually vigilant and on the watch for any legislation that may adversely affect his district, that when you go to the polls on Nov. 6 you will vote to return him to Washington."

In concluding his remarks, Salveter praised the work of the County Court and stated that he

## Negro Youth Is Fatally Shot Thursday

## Melvin Crowbarker Is Killed While Running From Theft

Melvin Eugene Crowbarker, 17, 422 West Clay, is dead and his brother-in-law James Weston, 36, is held in the city jail for investigation, as a result of their entering an old house at 319 North Broadway today. The two were surprised by the owner, Eddie A. Payton, 56, of 126 North Broadway, and when Crowbarker ran, Payton shot him, just before Crowbarker reached a cornfield.

Payton told Dr. John M. Rode-man, deputy coroner, Chief of Police Edgar Neighbors and Prosecuting Attorney Harold Barrick he shot Crowbarker after he had told him to stop, but Crowbarker refused and started running for a cornfield in back of the place.

"I shot twice to stop him, and when he didn't stop, I shot a third time and I must have hit him, as I saw him grab his back with his left hand. He kept on running. The other fellow got away too, and I hurried to my house and called the police," Payton said.

Continuing, he said, "I didn't want to hurt him. I didn't want to kill him or anybody. If I had, I could have shot them when they were in the house and coming out toward me. But when they started running and wouldn't wait until the police came, I shot to scare them."

Payton said he was working at his own home when "Bud" Coleman, a neighbor, had motioned him to come down to the old house. "When he said there were some fellows in there carrying things out, I went back and got my son's rifle and returned. I told my wife to call the police, but she was out in the middle of the road waiting to see what was happening. The place has been broken in three or four times before."

## Stuck Her Neck Out Too Far

"HOW DID I GET INTO THIS?"—Three-year-old Mary Cody relaxes mournfully while police Sgt. Richard Hopper goes about the task of releasing her from her distressing predicament. She pushed her head through the opening of the chair while playing around her home in Kansas City, then couldn't pull it out. It took Hopper about 20 minutes to pry off the back of the chair. Mary's parents, Mr. and Mrs. E. J. Cody, left earlier in the week on vacation. Her grandmother, Mrs. Katherine Sutter of St. Louis, has been taking care of Mary and the four other Cody children. ## Morgan County Clubs Hold Own Achievement Day

Attractive exhibits of work done by nine extension clubs were on display at the Morgan County Achievement Day held at the Versailles City Hall Oct. 10.

Mrs. Paul Uptergrove, vice-president of the county council, presided during the morning session. Group singing was led by Mrs. James Elliott with Mrs. Joe Walters at the piano, followed by prayer by Mrs. Claude Lutman. An interesting and helpful demonstration on floral arrangements was given by the local florist, Jim Frank Hughes. He showed a new substance, called oasis which absorbs and holds moisture, into which flowers may be stuck at all angles, making a nice arrangement.

The county council president, Mrs. Lewis Smith, and the home agent, Miss Opal Davis, gave interesting reports of their attendance at the state council presidents meeting in Columbia.

A contributive luncheon was held at noon.

Mrs. Lewis Smith presided during the afternoon when James W. Reynolds, extension economist, discussed marketing. He gave a skit, assisted by Mrs. Burns of Syracuse, on "Meat—How to Select and Buy."

Certificates of Standard of Achievement were presented by Miss Davis to the following clubs: Akinsville, Black Jack, Glensted Circle, Happy Homemakers, Mt. Carmel, Progressive, South Morgan Progressive, Stover Homemakers, Syracuse Homemakers, Westview Friendly Neighbors and Willing Workers.

Pennies for friendship were collected before the meeting adjourned.

## Garden Club 3 Has Program by Brummet

Garden Club No. 3 met Friday, Oct. 12, with Mrs. Wilford Acker, 24th and Marvin, with Mrs. E. J. Pflughoft assisting hostess.

A dessert luncheon was served to 15 members. Ed Brummet presented a program in the form of a film of beautiful rose gardens over the city and also many pictures of roses taken over places including the Pasadena Rose Parade. It was a delightful program followed by many comments and discussion by all.

After the program the business meeting was presided over by Mrs. B. Y. Edelen, president. Mrs. Acker reported on the district meeting held at the Wesley Methodist Church. Several members had received ribbons for entries at the flower show.

It was announced that Mrs. Brummet had taken roses to the library, and Mrs. Edelen reported she was proud to turn into the district and state the report of the achievements and activities of the club during the past year.

Mrs. Mary Ellis had charge of the plant exchange.

Mrs. Yount reported on the garden therapy and asked for volunteers to help at the Crippled Children's Center for the month of November.

## Shaw Family Together First Time in 9 Years

Mr. and Mrs. E. E. Shaw, 1019 East Broadway, entertained at their home Sunday, Oct. 14, with a fish fry in their back yard honoring their three sons and their families. It was the first time since 1947 the family has all been together at one time.

Those present were, Mr. and Mrs. R. V. Paxton, Quincy, Ill.; Mr. and Mrs. R. H. Mansfield, Mrs. Dorothy Thomas and sons, Miss Willette Jackson, Floyd Jarman, Kansas City; Mr. and Mrs. D. E. Shaw and family, Mission, Kan.; Mr. and Mrs. R. W. Shaw and daughter, New Orleans, La.; and Mr. and Mrs. E. H. Shaw, Kansas City.

## Murder Charge Filed On Man Who Killed Wife, Two Children

ST. PETERSBURG, Fla. (AP)—James G. Burmeister, who stabbed to death his wife and two children, will be charged today with murder, Detective Lt. Earl Newberry said.

Newberry said Burmeister's only explanation was "I suddenly had the urge to kill them all."

The 246-pound man surrendered quietly to police, called by neighbors who hears Mrs. Mary Burmeister's dying appeals for help early yesterday. He remained calm during questioning.

Newberry said Burmeister, 28, a power company lineman and ex-Marine, had been under a psychiatrist's treatment for several months.

Dr. E. R. Koontz, Pinellas County medical examiner, said Mrs. Burmeister, 32, was stabbed 44 times with a combat knife; James Jr., 3 years old, 18 times; and Marilyn, 9 months old, 12 times.

## Polish Reds Fire Two More Officials

VIENNA (AP)—Poland's Communist government has fired two more second-rank officials.

Warsaw radio reported today that Roman Pietrowski, an Aleksander Wolski, deputy minister of building and reconstruction, have been dismissed.

The broadcast gave no reason for their ouster, but the Polish press, government and Parliament have repeatedly attacked the building ministry for failure to solve the nation's housing problems.

More than 20 upper-level Polish officials have been fired since the Poznan workers' riots last June.

## State Will Allow Tip on Expenses

## Washington Township Created in 1835—

# Knob Noster History Begins In Early 1830s; Township Is Named for President

By Mrs. John Makeever Knob Noster

Washington Township, one of the four townships in Johnson County, was created by an order of the County Court, May 4, 1835. It was named for the first President of the United States, Washington Township at that date contained 81 square miles, the same as Jackson, the two largest in the county.

Room for wealth and enjoyment brought pioneers to this area in 1828. People were happy and neighbors were well-known even if they lived five miles apart. They were hospitable and unselfish.

These early settlers were plain in dress, devoted to religion, and honest in their ways. They were not careless in family devotions.

The Bethel congregation of Cumberland Presbyterian church was organized in the house of Col. Jehu Robinson by the Rev. J. B. Morrow, on the 26th of November, 1842, with the names of 27 members: George Gallaher, Sarah Gallaher, Marshall Estes, Martha A. Gillum, Jehu Robinson, Sarah L. Mayes, Cynthia Estes, Elmira T. Huff, Andrew Thompson, Nicholas Houx, John B. Mayes, David Senior, George S. Mayes, Nancy H. Mayes, John Mayes, William Rutledge, Elizabeth S. Senior, Julia A. Robinson, Frederick Houx, Robert C. Mayes, William G. Gillum, Elizabeth F. Gillum, Eleanor Houx, Vincent Litton, James Hall, Thomas S. Foster and Mariah T. Gillum.

By July 1841, there were 110 members. In 1866 the name was changed from Bethel to Knob Noster. The old log building stood about four miles north of town.

The M. E. Church of Knob Noster was organized by the Rev. C. E. Carpenter in 1865. The handsome church edifice was erected in 1870, at a cost of \$5,000. Samuel and Sarah Workman were two of the original members. In 1881, the membership was 85. A comfortable parsonage, a well and stable were on the lot, and all were enclosed by a substantial fence.

The Christian Church was organized by Elder James H. Randall in 1866. The frame building was built in 1870 at a cost of \$2,300. The church had preaching twice a month with social service, every Sabbath and Sunday School at 3 p.m. Prayer meetings were held Thursday evenings.

The Baptist Church of Knob Noster was organized in 1856, by A. P. Williams. In 1869, the frame structure was built on the corner of McPherson St. and Jackson Ave. It was 33 by 60 feet with a 12-foot vestibule. It was well seated and carpeted, and had two chandeliers, side lamps, a good

organ, blackboard, charts and maps. It was built at a cost of \$4,000.

The Presbyterian Church of Knob Noster was organized by the Rev. J. H. Byers in 1867 and during the spring of 1868 a neat frame building 30 by 50 was erected at a cost of \$1,500.

Besides the churches of the town of Knob Noster, Lea's Chapel, a Methodist church, was located one mile south of Montserrat, near the residence of Dr. J. L. Lea. A class was organized about 1840, but no building was erected till 1861 at a cost of \$500.

The Catholics had a neat little church building in Knob Noster. Mary's Chapel C. P. church of Montserrat was organized in 1859 by the Rev. J. B. Morrow on a location west of the present site of Valley View School at a cost of \$2,100. The house was built by John Mayes, Col. Jehu Robinson, J. T. Gillum, J. B. Hayes and others and was dedicated by J. H. Houx. This building was later removed to Montserrat.

The following cemeteries were located in the township. The Knob Noster Cemetery Association was incorporated in June 1878. The cemetery enclosure contained 18 acres. The first lot was sold in March 1868. Adam's cemetery was known as a graveyard in 1844. Mayes cemetery is in Section 22. Lea's Cemetery is near Lea's Chapel, Thomas J. Lea was the first to be buried there, Jan. 2, 1859.

The educational interests of the town were promptly attended to immediately after the close of the war, and just as soon as the people began to put up business houses in the village.

The first was a substantial brick school building erected in the year 1869 at a cost of \$18,000. Some of the early school board members were J. R. Cordell, L. C. Littlefield, C. Larkin, James S. Rogers, J. J. Cushings, A. Case, Gordon Hardy, A. M. Coffey, J. C. Winkler and C. Cobb.

The cause of education was early fostered by the pioneers in log school houses, one log was left out for a window. A few boards were nailed up for writing desks. The seats were made of punchons. The room was warmed by a large fireplace. The clapboard roof was held on by weight poles, the door swung on wooden hinges, and was fastened by a wood latch.

Some of these rural schools were "Quail Trap", "Hayes", "Dawson", "Hanna", "Brushy", "County Line" and "No. 13". The desire for social entertainment, and civic interests, led to the organization of the I. O. O. F. Lodge in 1861, the A. O. U. W. Lodge in 1879, the A. F. and A. M. Lodge in 1865 and the Knob Noster Grange in 1872, whose meet-

ings were both profitable and interesting to farmers.

In 1881, the town of Knob Noster supported two newspapers. The oldest "The Gem" was first issued May 31, 1878. Will D. Carr became sole proprietor in 1879. The other paper was "The Review" edited by B. R. Tompkin and C. B. Littlefield.

In 1890, March 12 issue of the "Gem", appeared the following article in part: "The press on which the Gem is printed is not the best in the world, but still it has a history. It was originally purchased and owned by General Fremont, and was carried by him through out his famed Rocky Mountain tour, on which were printed his discoveries, bulletins and incidents of camp life."

The first Post Office was established in Knob Noster in 1850, at the residence of Andrew Thompson, first postmaster, prior to the laying out of any village. At that time the mail boy arrived once a month bringing a dozen letters.

The Knob Noster mills were built in 1870, at a cost of \$12,000 by E. G. Gilbert, millwright.

The Knob Noster Savings Bank was organized in 1869. In 1872 it was reorganized as the First National and in 1875, again was reorganized to be the Bank of Knob Noster.

In 1880, the U. S. (tenth) census reported a population of 3,166 in township, Knob Noster 689 and 255 in Montserrat.

A business directory of Knob Noster, in 1877 reported following businesses: two banks, three drug stores, two hardware, four milliners, two livery stables, three papers and printers, four hotels or boarding houses, four physicians, three shoemakers, two blacksmiths, three dry goods stores, two furniture dealers, two grocers, a mill, two notions and toy stores, an agent for McCormick binders, a dentist, three saloon-

## American Woman Will Appeal to Israeli Officials for Pardon

TEL AVIV, Israel (AP)—An American woman sentenced to a year in prison as a spy for Syria will appeal to Israeli authorities for a pardon, her defense counsel said today.

Max Kritzman, attorney for 29-year-old Mary Frances Hagen, said it had been decided not to appeal her conviction last week by a Jerusalem district court.

Instead, he said, a request for pardon will be made to Israeli President Izhak Ben-Zvi.

Miss Hagen, whose family lives in Huntington, W. Va., pleaded innocent to the charges she had violated Israel's Official Secrets Act. Officials in Washington also indicated the United States also would appeal to the Israel government for executive clemency.

## Honor Medal Winner Gets Prison Term

PARRIS ISLAND, S. C. (AP) — A Marine Medal of Honor winner who held blazing hot machine guns to fight off a Red Chinese attack has been convicted by special court-martial here. Sgt. Alford Lee McLaughlin was sentenced to three months hard labor, reduction to private and a \$120 fine.

The unpublicized court-martial was held on this sprawling recruit training center yesterday. McLaughlin pleaded guilty to drunkenness and unauthorized absence and was found guilty of disrespect to a superior officer and to a superior noncommissioned officer.

The 28-year-old native of Leeds, Ala., was court-martialed for an episode last March at Rome, Ga., where he was stationed with a Marine reserve outfit.

Rome police said McLaughlin was arrested after going to the home of his commanding officer, Maj. Henry A. Checklou, and threatening the officer with an automatic shotgun. He was reported to have been drinking white whisky at the time.

After the incident, Marine spokesmen said McLaughlin was sent to the Charleston Naval Hospital at Charleston, S. C., for observation.

Details of the court-martial were not released by Marine officials.

The sergeant received the nation's highest award for bravery from President Eisenhower Aug. 17, 1953. He was decorated for his defense of an outpost in Korea on the night of Sept. 4-5, 1952.

The citations said that McLaughlin — then a private first class — killed an estimated 150 Chinese Communists and wounded another 50.

Although wounded, he alternately fired two machine guns—holding one at the hip until the weapon became too hot to handle and then switching to the other.

## Green Ridge PTA Has Music Film Program

The October meeting of the Green Ridge PTA was held at the school. The meeting opened with the PTA song, accompanied by Miss Lois Jean Behrens.

The president, Mrs. Loy Smith, conducted the meeting. Room count went to grade nine.

The finance chairman, Mrs. Earl Hinken, reported that the PTA would serve pie at the Democratic rally in Green Ridge, Oct. 19, and also serve the food at the school carnival, Oct. 26.

Mrs. Clarence Mahin reported a membership of 64 PTA members.

Mrs. E. S. Close gave an interesting report on an article from the PTA magazine, "What Is the Press Doing to Teen-agers."

The revised constitution of the PTA was read and accepted.

Mrs. George Buchholz gave an interesting report on the district PTA conference held in Marshall, Sept. 28, which she attended.

The Green Ridge unit has been asked to take charge of the Pettis County council scrapbook. Mrs. George Buchholz, Mrs. Emmett Ruffin and Mrs. Vaughn White were appointed to compile the scrapbook.

The program for the evening was several special musical numbers by the junior girls and G. W. Hamby and the FFA boys presented a demonstration on parliamentary law. A slide, "Safety Operations," was enjoyed by Larry Gorrell and Curtis Lacey as narrators.

Refreshments were served.

## Mute Testimony

ALBUQUERQUE, N. M. (AP) — Instructors conducting an obedience class for dogs grumpily complained finally to little Joe that his pet "Butch" was taking too long to learn anything. "I know, I know," replied Joe. "He's deaf. I just want him to be with other dogs."

Now, real medicated help for your troubled skin!

by Margaret Herbert  
Director of Dorothy Gray Salons

I have wonderful news for you! Dorothy Gray scientists have developed a new medicated treatment to provide effective help towards clearing troubled complexion. It's called the MEDICATED SCRUB SET and the whole treatment takes just 3 easy steps:

1. You probably know that good skin depends first and foremost on a thoroughly clean skin . . . thus, the first step is to lather on *Medicated Scrub Soap*. (Massage your face with your fingers in upward and outward strokes for 3 minutes.) Made with Oatmeal, it has an amazing ability to stimulate while purifying . . . to rout out every trace of clogging dust, hardened oils and stale make-up. Really helps force out blackheads which might lead to blemishes, if neglected.
2. Next, put on cooling, bracing *Medicated Refining Lotion*. It gets at an important cause of many a troubled skin . . . bacteria! Also helps reduce the appearance of ugly pores . . . refines your skin to a smoother, lovelier look.
3. Last and essential step: *Medicated Blemish Cream!* Apply just before you retire. It works while you sleep to soothe and heal . . . rewards you in the morning with a softer, clearer face.

If you use this MEDICATED SCRUB SET conscientiously it will really pay off . . . with a complexion you'll be proud of!

## Survey Shows Teen - Agers Are Against a Woman for President

By EUGENE GILBERT  
President of the Gilbert Youth  
Research Co.

You'll wait a long time for a woman president if teenagers—the voters of tomorrow—have their way.

Nine tenths of high school boys feel the job is too tough and too complex for a woman. And while many girls in the same age handle the office all right, 58 per cent say—for various reasons—that the ladies had better direct their political ambitions elsewhere. To governorships, for example. Many more youngsters say women could make good governors. Or

peramental. The first thing you know they lose their tempers. Boy, the country will be in a real mess the day a woman president takes office."

Our survey indicates that many boys strongly suspect a woman's place is in the home—not on the political hustings. Here's how a lad from Minneapolis, speaking in the authentic voice of the 19th century, viewed things:

"When women stop rearing children to go into politics, we will be in a sorry state. What will happen to the home without the mother influence? I don't want to see it."

a Kansas high school girl: "Women don't want to go out and conquer the world. When we have a woman President, she will concentrate on 'domestic tranquillity' and not on producing atom bombs."

While most of the girls believe women are perfectly capable of handling presidential chores, 58 per cent turned thumbs down on the idea. Among these, the thought predominated that ingrained male prejudices would make a feminine bid for the presidency largely a waste of time.

While no woman has ever been nominated for the presidency or the vice presidency by any major party, there have been women governors. The first was Nellie Tayloe Ross, elected in Wyoming in 1924.

And a much larger percentage of young people in our survey professed no objection to lady governors. Thirty-three per cent of the boys and 55 per cent of the girls thought women might make good chief executives of their states.

A Missouri girl said: "Women are especially good at the personal approach. I think that heading a state would require lots of this talent. Nothing is as important as getting on friendly terms with the inhabitants. And in this a woman could really excel."

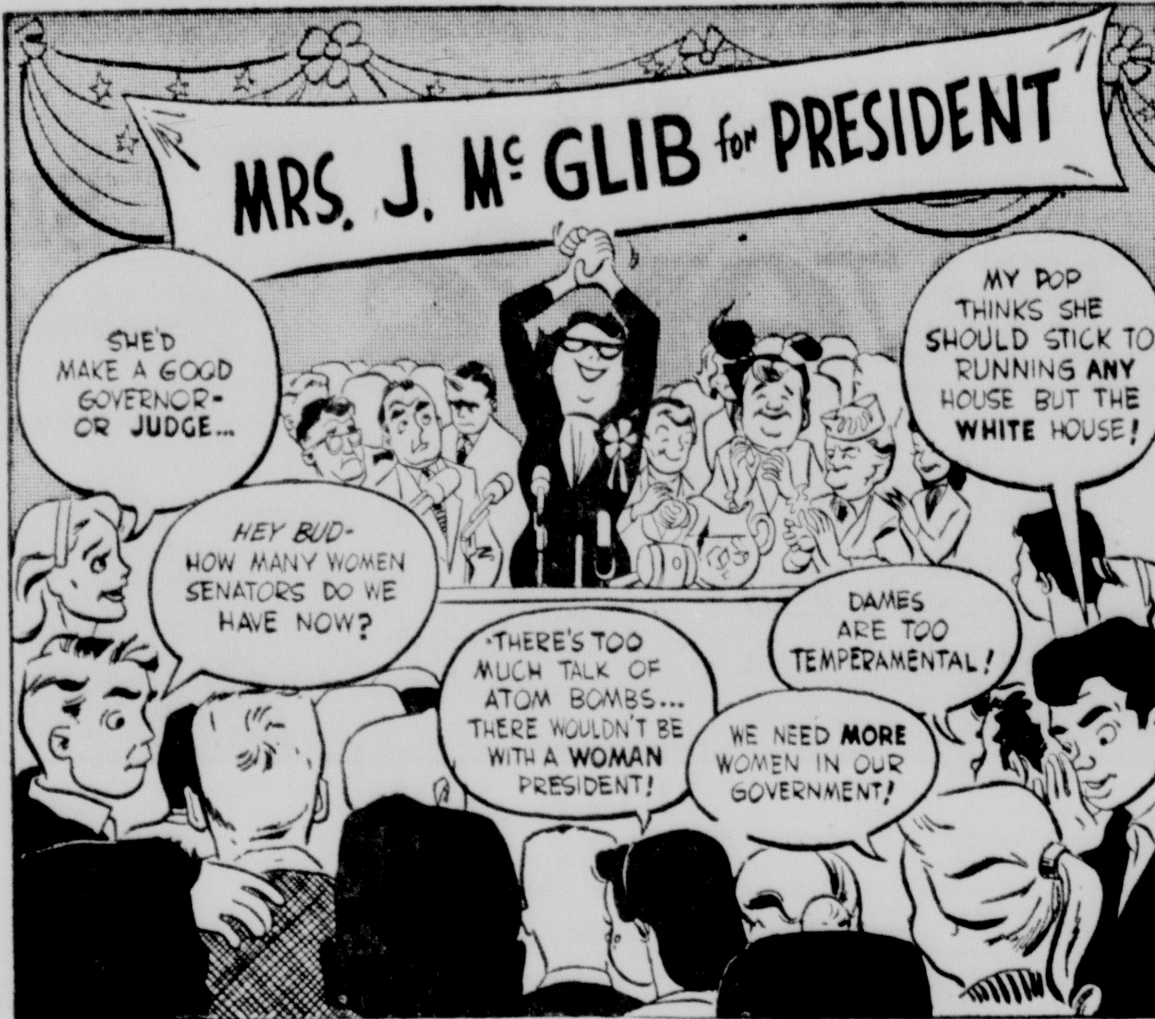

While youths are somewhat bearish on the talents of women for high public office, they're apparently prepared to allow them greater latitude in the business world.

Some 76 per cent of the teenagers, of both sexes, said the fact that a woman ran a company that employed them would not cause them to lose enthusiasm for their job.

Having a woman for an immediate superior, however, was a different question. But even here, 66 per cent of the girls and 63 per cent of the boys said they could see no objection.

One fervent minority report came from a 17-year-old youngster who had summer job experience with a lady boss. "That woman was the hardest taskmaster I've ever run into," he complained. "No man would be that tough with us. I'll take a man giving the orders any day."

But if there was no strenuous opposition to women running busi-

The girls—75 per cent of them—thought that women should be represented on the boards of every major corporation, particularly in view of women's extensive stock ownership. Seventy-one per cent of the boys failed to see much sense in this argument.

'Wanted to Be Friends'—

### Bewildered Little Woman Has Nashville in Political Snarl

NASHVILLE, Tenn. (AP)—A bewildered little woman who "never cared for politics" was caught in a hot political crossfire yesterday as her proxy vote became crucial in naming the probable next congressman from Nashville.

"I didn't know anything about politics," she wailed later. "I just wanted to be friends with everybody. Now everybody seems like they are mad at me."

Mrs. Mary A. Baker, a widowed elevator operator with two grown children, said she didn't want to be a member of the Davidson County Democratic Executive Committee in the first place.

She was elected in last August's Democratic primary in which Rep. J. Percy Priest was renominated to be U.S. representative from Davidson County, which constitutes the 5th Congressional Dist.

Last week Rep. Priest died and it became the duty of Mrs. Baker and her fellow committeemen to name a replacement candidate who would be virtually assured of winning the Nov. 6 general elec-

tion in this overwhelmingly Democratic county.

The city faction of the local Democratic party, headed by Mayor Ben West, lined up behind City Atty. Raymond Leathers. The county faction lined up behind Dist. Atty. Gen. J. Carlton Loser.

When the roll was called at the deciding committee session, Mrs. Baker was absent.

Mayor West spoke up and said,

"I've got her signed resignation right here."

Then Z. T. Osborn, a lawyer leading the floor fight for Loser, rose and announced:

"I have a later statement signed by Mrs. Baker in which she gives to me the right to vote for her. And she states that she does not want her resignation considered until after her vote is cast."

The chairman permitted Osborn to cast Mrs. Baker's vote. When the last name was called each candidate had 42 votes and Mrs. Isa Petre Grissim secretary cast her deciding vote for Loser.

Just then, into the tumult and tension Mrs. Baker was escorted, lips trembling, and West shouted:

### Windsor PTA Panel Discusses Problem

The October meeting of the Windsor PTA was held Thursday evening in the high school auditorium with the president, Mrs. Keith Frost, presiding. After the business session Mrs. Lloyd Port presented a skit from the Parent Teacher magazine.

"Is Our 1896 School Building Adequate for Our Enrollment of 1956?" was the theme of a panel discussion. Those participating were Mrs. Rex Corson, Mrs. Betty Calton, Supt. F. J. Webb; Scott Sappington, president, and Mrs. Edward Shipp, member of the Board of Education; Mrs. Paul Cisel, Dr. George Windsor, Garrett McCullough, Mrs. Martha Chipman and Miss Ilene Jones.

A program for the children was provided in another room. Grade II, taught by Mrs. Lillian Rushford, won the room award.

Refreshments were served in the Home Economics room.

to the Supreme Court of the United States. Fifty-seven per cent of the boys and 73 per cent of the girls believe women could serve capably on the high tribunal.

These reactions turned up in our nationwide survey on the youngsters' views of woman's place in the higher spheres of public life and business.

The question of a woman president is often batted around in election years. Former President Harry S. Truman has said that a woman may well occupy the White House some day. And President Eisenhower has said that women are competent for the office—though too smart to seek it.

But 92 per cent of the boys we queried disagree sharply. They're convinced the presidency is a job well beyond a woman's capacities.

"Dames," as one Chicago youngster expressed it, "are too tem-

Of course, women have been entering politics in increasing numbers. Sixteen served in the last session of Congress, including Sen. Margaret Chase Smith, the Maine Republican. They've held Cabinet posts, and been ambassadors.

With this in mind, apparently, 42 per cent of the teen-aged girls we queried expressed themselves in favor of a woman President—provided the candidate was of the caliber of Mrs. Eleanor Roosevelt, Sen. Smith, or Clare Boothe Luce, the United States ambassador to Italy.

In fact, many of the girls feel the country might be better off with a woman at the helm.

"If women were running the country," a New Jersey girl said, "there wouldn't be so much talk of wars."

Distrust for male pugnacity was implied also in this response by

### Blackwater Dist. PTA Has Guest Speaker

The Blackwater District 100 PTA met at the school house Friday night. The business session was called to order by the president, Mrs. Nathan Wright. Mrs. Walter Schanz gave a talk on some of the social work the United Nations helps to sponsor.

A report was given by Mrs. L. C. Griffith of the district P. T. A. conference she attended in Marshall.

The group voted to appoint room mothers to assist the teachers when they needed it.

L. C. Griffith, program chairman, introduced the Rev. Bill Hollis who gave a talk on "Intelligence Testing of Our Children," which was followed by a panel discussion on the subject. Taking part on the panel were Claude Siefkas, Emmett Walker, Mrs. William Clark, Mrs. Kathryn Mitchell and Miss Lillie Schanz.

Refreshments were served.

### South Abell Club Has Program on Insurance

The South Abell Extension Club met Oct. 10 at the home of Mrs. Richard Middleton Route 2.

There were 15 members and three visitors, Mrs. Mike Hughes, Mrs. Kenneth Davis and Mrs. Amer Cramer, all of Route 2, present.

Roll call was answered by "Hints for Household Safety."

Mrs. John Rundlett gave an interesting lesson of insurance facts. Mrs. E. E. Barrick led a discussion on farm safety.

Members are making tea towels and pot holders for Buena Vista.

Mrs. Emmett Bohon, Jr., conducted the business meeting. Mrs. Glenn Miller assisted Mrs. Richard Middleton as hostess. Mrs. G. Miller read the scripture lesson.

The November meeting will be at the home of Mrs. George Hanson.

## Fall Cleaning Chore Really Can Be Fun

Fall cleaning may be a fun project — a time to size up the old and plan some new accessories for the home. It doesn't need to be drudgery.

Find a good routine for chores, the right equipment and proper dress, and you can learn to enjoy the job. Schedule cleaning chores, room by room. Plan your work so that you find time for an afternoon nap.

Some homemakers like to clean one room thoroughly each day, preferring the rotation plan to any other system, giving other rooms a once-over lightly each day.

Other homemakers prefer doing heavy cleaning all in one day; routine chores like bed-making, dusting and kitchen mopping every day.

A bride has a good opportunity to start out from scratch. She doesn't need to use Mom's methods unless she finds them to her liking. Her routine will depend on the equipment, washing machine, freezer; whether she shops for groceries or gets them delivered. It makes a difference in planning.

Here are some ideas other young homemakers have established. Perhaps they will help you plan your schedule:

List all supplies and equipment you need to do the job. Take advantage of new products especially created to make the job easier.

Get one of the creamy pastes that cover hands and fingernails and apply it before cleaning. It'll help the dirt to be more easily removed after your cleaning project.

Consider these cleaning aids: Bottled detergents to make suds for washing dishes, nylons, wool-cleaners with spray applicators, new oven cleaner with its own ap- pens, water softeners, window cleaners with spray applicators, new oven cleaner with its own applicator, a bottle of liquid furniture wax goes a long way, bleach for cleaning and sanitizing bath- room fixtures, kitchen tile, sink, refrigerator and range, sudsy ammonia for grease stained areas and insecticides.

Most housewives moving into new establishments will find more conveniences than there were a

few years ago, enabling home- chores to take on a dual role. Here are a few ideas:

Clothes may be washed and spun dry while you clean up the kitchen (put out milk bottles, wash dishes, wipe off appliances, shine pots, mop floor).

Dinner might be cooked with the new stove timers while you shop.

Dishes might be washed in a dishwasher while you clean an entire room.

Cook your dinner, casserole, stew or ragout — hours in advance. Have it set to pop in the oven anytime.

Spend the last few hours in relaxation awaiting your man's return home. Take a bath, put on something attractive. It's a good time to knit, darn, sew on buttons.

It's a good idea to have the table set, the dinner in the oven a

and the kitchen spanking clean when your husband returns from work. Even if you do not have all the modern appliances you can accomplish that much, and still look relaxed when he gets home.

Post a schedule in the kitchen where you can see it. Put under a "once-a-week" heading such chores as defrosting the refrigerator, cleaning out the pantry of whatever, and under "twice-a-month" turning mattresses, sham- pooing area rugs, washing win- dows.

## Better Family Living

by  
**OPAL O'BRIANT**  
Pettis County Home Agent

### Dates Ahead

Thursday, Nov. 8, 4-H leaders institute, Clinton, Food Preservation, Home Grounds, Poultry and Electricity leaders will attend this meeting.

Friday, Nov. 16, Extension Club Clothing leaders training meeting. Lesson will be "Trims and Decorative Detail."

Saturday, Nov. 24, special "Make It Yourself With Wool Contest. Girls 13 through 15 years of age living in Pettis County are eligible to enter the Pettis County contest.

### Extension Club Officers Training Meeting

Eighty-three extension club officers representing 26 of the 28 clubs in Pettis County met for an all-day session Monday, Oct. 15.

The program consisted of reviewing officers duties, discussing program planning and to receive program literature for the coming year. Three film strips, "Parliamentary Procedure Made Easy" were shown. These are available at the Boonslick Regional Library. Every extension and 4-H club should use these films in a club meeting.

### 4-H Clothing Projects

4-H clothing members and leaders should review carefully the new requirements on the different clothing projects. There are several changes and also new project books for Clothing II, II, IV, V. So be sure to contact the community leaders, as they have a list of new requirements.

There will be some changes in some of the other 4-H projects.

### Tips on Shrub Care This Fall

The past dry months mean that your shrubs are probably suffering severely from lack of moisture. And they will suffer much more during the coming winter unless they do receive some water. Even a dormant plant uses some moisture during the winter. With evergreens, it's a good place to use this year's tree leaves. One caution—this can be a fire hazard so be careful when using a leaf mulch near buildings.

Can shrubs be pruned in the fall? The answer lies primarily in the type of shrub being pruned. Shrubs that bloom early in the spring are preferably not pruned in the fall because you will be sacrificing so much in flowers the following spring. However, go ahead if the shrub needs shaping.

Summer or fall blooming shrubs can be pruned either in the fall or spring, depending on the time you have available.

Shrubs can be planted or transplanted anytime after they have gone dormant. This period usually runs from the middle of October till the soil freezes up—in December or early January. Some moisture in the soil is desirable before planting.

### Winter Cottons Popular

The traditional light blues, pinks and checked patterns in cottons have yielded the spotlight to new dark colors and designs so lovely that they look like cashmere, tweed, alpaca and men's wear stripes. Printed in patterns usually associated with woolsens, winter cottons are among the most popular fabrics for the feminine wardrobe.

Also textured, sculptured and brocaded effects are seen. Those shopping for cottons will find that the new look in cotton has been given to such old time favorites as percale, pique, velveteen, corduroy, quilted cottons, flannelette and denims. Few fabrics are as versatile as today's modern cottons.

### Dresses for Little Girls

Dresses best suited to little girls two to six years old are designed especially for a child's way of doing things. They are styled for comfort and allow for growth and freedom of action. The dresses are easy to put on and encourage self help. They are dainty, yet sturdy enough for playtime and frequent washings. Their beauty is in simple styling and becoming lines and color, not fussy decorations.

Whether you make your little girls' dresses at home or buy them ready-made, consider the following points:

Little girls don't have waistslines so dresses without belts are good. Look for roomy armholes and short sleeves without cuffs or bands. Necklines can be collarless and low in front.

Dresses should be short enough so they won't get underfoot when a child stoops to play. A child's head should go through the neck opening without strain. Easy-to-use fasteners will encourage the child to learn to dress herself.

Washable materials are most

## Hits 'Single Interest' GOP Government

WITH STEVENSON IN OHIO, #—Adlai E. Stevenson attacked the Eisenhower administration today as a "single interest government." He added:

"I submit to you that the times call for the election of the Democratic party."

The Democratic presidential nominee thus wrapped up a new attack on President Eisenhower in the same package with his own obvious shift in campaign tactics toward a party—rather than a personal—appeal for votes.

Stevenson said in a speech prepared for a late afternoon rally in Akron, Ohio, Eisenhower has a "Cadillac Cabinet" that "fears nothing as much as change."

He added that the people "will carry forward again when the present Cabinet is back in General Motors next January."

"If Mr. Eisenhower didn't want his administration called a big

business single interest government, why did he ever join the Republican party?" Stevenson demanded.

This fresh attack on what he called the "creeping complacency" of the Republicans fitted in deeply with Stevenson's new tactics—which developed in a whistle-stop swing through Michigan yesterday—to submerge his own presidential aspirations under a strong

### Return From Trip

Mr. and Mrs. Peery Reed of LaMonte, returned Wednesday from a trip to northeast Missouri where they visited friends. While there, they added to their collection of geodes, a stone with crystals from the Fox and Mississippi rivers. They also collected some drift wood from the Mississippi river to make ornaments this winter.

appeal for Democratic party votes that might carry him on the coattails of well-liked local candidates to victory in doubtful states.

### Have Birthday Dinner

A birthday dinner was held at the home of Mr. and Mrs. T. O. Haggard, Houstonia, Sunday in honor of their twin sons, Ray and Bob. Ray was unable to attend as he lives in Calif. Those present were Mr. and Mrs. Bob Haggard and family, Kansas City, Mr. and Mrs. Lloyd Pauley and children, and Miss Carol Vaughan, Independence, Mr. and Mrs. Sam Friebe, Mr. and Mrs. R. S. Parkhurst, Sweet Springs, Mr. and Mrs. Edwin Williams and family, Hughesville, and Mr. and Mrs. Lon Pauley, Mr. and Mrs. Ralph Pauley and two sons, Houstonia.

## Missionary Society Discusses Missions

The Women's Missionary Society of the Windsor Baptist Church met at the church Friday afternoon for its October meeting.

The meeting was called to order with the "Women's Hymn" followed by prayer by Mrs. T. H. Raney. Mrs. W. R. Wooldridge read the new watchword for the year. Mrs. Homer Maxwell was leader of the lesson, "Sowing Beside the Still Waters." Two playlets were given, one by Mrs. Ethel Stevens and Mrs. L. A. Corson and another by Mrs. Lizzie Brown, Mrs. Lillian Milner, Mrs. J. O. Klinger, Mrs. W. H. Hall and Mrs. Wooldridge. Mrs. Corson and Mrs. J. R. Cook sang a duet. Others on the program were Mrs. R. H. Wells and Mrs. I. M. Grinstead.

Plans were discussed for a mission study with Mrs. Brown and Mrs. Corson to review the book, "Japan Advances." Mrs. Anna Holmes told of the student from

## Says H-Tests' Strontium-90 Output Small

WASHINGTON (AP)—A former medical research chief for the Atomic Energy Commission says nuclear tests have produced only an "insignificant" amount of a substance Adlai Stevenson terms "the most dreadful poison."

The commission made public late yesterday a telegram from Dr. Shields Warren, head of its division of biology and medicine from early AEC days until mid-1952, in which Warren said some statements Stevenson made regarding strontium-90 "should be corrected."

In connection with Stevenson's call for this country to take the lead in working toward an end of hydrogen bomb tests, Dr. Warren said in a telegram to AEC Chairman Lewis L. Strauss:

"To permit us to fall behind (the) Russians is disastrous; to wait for them to catch up to us is stupid."

Dr. Warren, now scientific director of the Cancer Research Institute of New England Deaconess Hospital, dealt primarily with strontium-90, one of the substances found in the fall-out of nuclear weapons.

Stevenson, the Democratic presidential nominee, had said Monday night that continued tests distribute around the world strontium-90 which, he said, "in sufficient concentration, can cause bone cancer and dangerously affect the reproductive processes."

Stevenson said he was not asserting that present levels of radioactivity are dangerous because "scientists do not know exactly how dangerous the threat is." But he said continued tests will increase the threat.

Dr. Warren said that from a genetic standpoint, "radioactive fall-out including strontium-90 has given only small dose to date, as compared with dose from natural occurring and hence unavoidable background radiation."

"If weapons testing continues at present rate for 30 years," he continued, "genetic dose (would be) still insignificant."

Dr. Warren said present bone deposits of strontium-90 are at a "minute fraction of permissible level and well below (the) natural background level of radiation."

## Dog Goes AWOL During Trip To Tokyo

TOKYO (AP)—Jory, a whiskered German schnauzer who hates cages and distrusts strangers, finally got to Tokyo today after being AWOL two weeks in Alaska. His mistress had to fly back to get him.

Capt. and Mrs. Edwin Sweeney of Santa Fe, N. M., bought Jory the day their only son, Steven, was born 4½ years ago. Sweeney was transferred to a jet fighter base in Japan recently, and the family took an airliner from Seattle three weeks ago. Jory's crate was put on another plane later in the week.

At Anchorage, airline attendants decided the lonely, unhappy dog would enjoy a walk. When they started to put the 40-pound animal back into his cage, "he broke his leash as if it were cotton thread and took off for the woods."

The airline advertised for the dog's return via newspapers, radio and television. Hundreds reported sighting him, but no one could get within half a block. At Tokyo's Yokota air base, the smiles disappeared from young Steven's face when he learned his beloved companion was lost.

Last week Mrs. Sweeney flew to Anchorage and began tramping around the places where Jory had been seen. A telephone call sent her hurrying to a vacant block, cordoned off by police to keep strangers from frightening the animal away.

Mrs. Sweeney was 100 yards away when Jory recognized her and dashed headlong for her. The trip to Japan was uneventful.

routes in the city. Additional right of way will be needed.

"You should also know that the recently approved Federal Aid Act of 1956 makes more money available for highway construction in Missouri, and this will hold true in cities as well as rural areas of the State. So it is entirely reasonable to expect that the urban program in Sedalia will go forward at a faster rate than was expected at the time the 1954 Urban Report was made. This, of course, is contingent upon Sedalia being in position to pay its share of the right of way costs."

The letter was signed by Rex M. Whitton, chief engineer of the Highway Commission.

## OBITUARIES

Mrs. Cora Bragunier

Mrs. Cora Bragunier, 84, died at the Lange Rest Home in Sweet Springs Tuesday at 4:00 p. m. She was born Jan. 31, 1872, in Pettis County, the daughter of the late Thomas M. and Sarah I. Wade Bobbitt.

She had lived in the Dunksburg neighborhood for 18 years, and was a member of a Christian Church in St. Louis.

Her mother, at the time of her death two years ago, was Pettis County's oldest resident.

She is survived by one son Dexter Terry, Okmulgee, Okla. Funeral services will be at 2:00 p. m. Friday at the Parker-Moore Funeral Home in La Monte, with the Rev. Lloyd Pickering officiating. Music will be furnished by Mrs. Pickering.

Burial will be in Mt. Zion Cemetery near Dunksburg.

William R. (Jacob) Schmidt

William R. (Jacob) Schmidt, 59, died at the Charles E. Still Hospital, Jefferson City, at 12:30 a. m. Oct. 18, after being hospitalized 15 days. He had been in ill health three years, retiring at that time as night marshal in Tipton, a position he had held 13 years.

He was a life-long resident of Tipton, and was born Jan. 29, 1897, son of the late Henry and Elizabeth Schmidt. He was married April 28, 1924, to Miss Veronica Remlinger, who survives.

Also surviving are: seven children, Louis H. Schmidt and Mrs. Harold Lamm, Tipton; Mrs. Irvin Toellner, Buncheon, Alma Catherine, Dorothy Ann, Carl William and Teresa Veronica, of the home.

Ten grandchildren; three brothers Joe H. Schmidt and Edward P. Schmidt, Tipton, and Louis Schmidt, California; four sisters, Mrs. Charles Elminger, Tipton; Mrs. Louis Benne, Centertown; Mrs. Jake Klein, Prairie Home, and Mrs. Jess Martin, Sedalia; and a large number of nieces and nephews. A son, George, died in infancy.

He was a member of the St. Andrew Catholic Church and Tipton Council 1360, Knights of Columbus.

The body is at the Richards Funeral Home, Tipton. Rosary will be recited at 8 p. m. Friday.

Funeral services will be at St. Andrew's Catholic Church at 11 a. m. Saturday, with the Rev. Father James Steidel, assistant to the church pastor, officiating.

Burial will be in St. Andrew's Catholic Cemetery.

Pallbearers will be nephews: Victor Elminger, Charles Klein, Gene Benne, Bob Nease and Junior and Dorsey Martin.

Mrs. Nellie Mae Boehn

Mrs. Nellie Mae Boehn, 51, wife of Frank Boehn, Chicago, a former resident of California, Mo., died at St. Mary's Hospital, Jefferson City, Oct. 18. She was born near California, Feb. 10, 1906, daughter of the late Joseph G. and Cora Robinson Pace.

She is survived by: her husband and two sons, Richard and Donald, of Chicago; three brothers, Ned Pace, California, Ron Pace, Lima, O., and Carlos Pace, Latham; and three sisters, Mrs. Clyde Brizendine and Mrs. Victor Scott, both of near California, and Mrs. Helen Batts, Chicago.

She was preceded in death by her parents and an infant brother, Herbert, and another brother, Clyde, who died Feb. 2, 1955.

Funeral arrangements are incomplete.

The body is at the Williams Funeral Home, California.

Albert (Duce) Johnson

Albert (Duce) Johnson, 75, died at the home of his sister, Mrs. Lizzie Selvey, 408 North Summit, at 1:55 a. m. Thursday. He had been in failing health for several months and bedfast for the past month.

Mr. Johnson was born at Montrose, Mo., Oct. 1, 1881, son of the late J. Allen and Morena Rown Johnson. When he was two-years-old, the family moved to Sedalia. Mr. Johnson lived practically all of his life in Sedalia. Until his health failed, he worked as a painter.

Mr. Johnson was a member of the East Sedalia Baptist Church. One of a family of four children, he was preceded in death by his two brothers, Jacob Johnson, who died in California, and Elzie, who died at Sedalia in 1941.

He is survived by his only sister, Mrs. Lizzie Selvey, with whom he had resided for the past 12 years, and several nieces and nephews.

Funeral services will be held at the Ewing Funeral Home at 2 p. m. Saturday.

The Rev. Kenneth Davidson, pastor of the East Sedalia Baptist Church, will officiate.

Burial will be in the Crown Hill Cemetery. The body is at the Ewing Funeral Home.

### Pilot Survives Crash

LOUISVILLE, Ky. (AP)—A pilot whose single engine plane ran out of gas and crashed upside down in a residential area two blocks from the airport lived to tell about it.

"I just thought I could make it," said 30-year-old George B. Babcock Jr., from his hospital bed. Doctors said his condition was good.

Babcock said his plane ran out of gas just as it approached the airport. He was flying home from a business trip to Dallas.

## Accuses Ike, Benson in Aid For Missouri

JOPLIN (AP)—Sen. Hennings (D-Mo.) said today that President Eisenhower and Secretary of Agriculture Benson have shown a "callous attitude" toward Missouri farmers suffering from "four years of severe drought."

Speaking at a rally for Democratic vice presidential candidate Estes Kefauver, the Missouri senator said he repeatedly has urged the President and Secretary Benson to give assistance to drought-stricken farmers.

"So often did I receive the same reply," Hennings said, "x x that it became easy for me to anticipate the responses in advance."

"Each time, they said, in effect 'not yet, but we will continue to watch the situation.'"

Hennings said this has been their reply so many times "that I am surprised that both President Eisenhower and Secretary Benson are not now suffering eye strain, x x x They have not been able to see beyond the city limits of Washington, D. C."

He declared that Eisenhower vetoed the natural gas bill "because of the undue influence exerted by lobbyists in behalf of it" and not because of any interest for the gas consuming public who would have been forced to pay high prices for natural gas in their homes.

The President, Hennings said, made this "abundantly clear" in his veto message. He quoted the President as saying:

"This I regret because I am in accord with its basic objectives I must make quite clear that legislation conforming to the basic objectives of (this bill) is needed."

Hennings, seeking re-election, said the President left no doubt that should he be re-elected and have a majority he would approve such legislation.

### Public Library

(Continued from page one)

was the finest; there is no better equipment.

The equipment was accepted by Lawrence Barnett, a member of the library board, who stated that the board was doubly pleased over the gift, first, because of the need in the function of the library which cannot be fulfilled by books and periodicals alone. The modern library, he said, includes all cultural things, fine records and equipment to play them. This, he said, takes care of the immediate needs, thanks to Kiwanis.

In the second place, Barnett said, the board is pleased that this service organization, made up of leaders in business and professions, recognized the fact that they may be of service to the community through their library.

Albert Wuelfing was then introduced and explained and demonstrated the hi-fi sound equipment. It is simple to operate and maintain, he said. He played the records without and then with the hi-fi sound equipment to show the amazing difference. This, he told the group, will be an aid to the education of fine music, the basis of bringing out the meaning of it and is something for the good of the entire community.

Members of the library board were then introduced by Messerly: Lawrence Barnett, Mrs. L. V. Corley, Mrs. Bryan Howe, Mrs. Kenneth Love, Phillip McLaughlin, Robert Overstreet, Mrs. E. M. Stafford and E. L. Zoernig.

The Listening Room is located in the basement of the foot of the front stairway. It is a small glass enclosed room with soft green walls and comfortable green upholstered chairs and it is here the new hi-fi equipment will be located for the use of the music loving public.

Other rooms in the basement also have been painted.

The corridor where the desk is located on the first floor has delicate green walls, the reading room to the east has mauve walls and the children's room on the west the walls are candy pink. All of the ceilings are white and new fluorescent lights have been installed giving much light and changing the appearance of the rooms entirely. In the extreme back of the library where the books are located yellow has been used to make it lighter. Upstairs, the assembly room has pinkish gray walls, the board room is green and the DAR room yellow all with the effective white ceilings. Floor covering throughout is of two tone shades of beige.

At the present time the library has two full time workers, Miss Mary English, librarian, and Miss Philomena Bergmann and the following part time workers, Miss Nettie Lamm, Mrs. Camilla Welch Wilson, Mrs. Virginia Wickliffe, Miss Minnie Murphy, Miss Lou Parish and Mrs. William Ward.

In the children's room refreshments were served by members of the board or wives of the members, with Mrs. Messerly pouring the coffee, and Mrs. Stafford, Jr., Mrs. Love, Mrs. Howe and Mrs. Corley serving cake, mints and nuts. The table was covered with a white linen cloth and centered with a large arrangement of roses, carnations and snapdragons in shades of pink. On either side were tall silver candleholders in which were lighted pink tapers and at the end of the table the silver coffee urn.

## Mother of Slain Infant Leaves State Mental Institution

MIDDLETOWN, Conn. (AP)—The 33-year-old mother of slain infant Cynthia Ruotolo plans to leave the state mental institution today.

Mrs. Eleanor Ruotolo entered the Connecticut State Hospital voluntarily Oct. 4 after asking doctors for help with her "emotional problems."

Her 6-week-old daughter was taken from her carriage left in the foyer of a department store in Hamden Sept. 1. Five days later her body, stuffed in a plastic bag and weighted down with a rock, was found in a lake about a mile from the store.

State's Atty. Abraham S. Ullman, heading the investigation into the infant's death, said he was told last night by Mrs. Ruotolo's husband Stephen, 33, that his wife had requested release from the hospital and would go home today.

### Negro Youth

(Continued from Page One)

fore and the police have been called down there before this," Payton said.

Weston was picked up at the home of his mother-in-law, Mrs. Alberta Crowbarker, 422 West Clay, where he has been living since Saturday. He told the authorities he and his brother-in-law were out picking up scrap iron to get money to buy milk for his two babies.

He told of going into the old house, but didn't do it to cause any trouble or do any harm. It was an old empty house and nobody lived in it. He said Payton had ordered them out, but didn't recall him telling them to wait until police arrived. He also said he didn't know any shots had been fired.

Weston was unaware his brother-in-law had been killed until told by the police.

Police who arrived at the place, after talking with Payton, began searching the area for Crowbarker. They searched through the corn field and around in the weeds for more than an hour.

Chief Neighbors had gone to Highway 65 and talked with Charles Frisbe, 501 North Park, who saw the Negro run. While standing on the edge of the highway, a Negro woman standing nearby said there was something that looked like some rags in a clump of weeds about 30 feet from the highway. Chief Neighbors walked over to the point and found Crowbarker's body slumped down on his stomach as if he was trying to crawl.

Gillespie ambulance made the run, but when they arrived they saw that Crowbarker was already dead. Dr. Rodeman was then notified and the Ferguson ambulance called to take the body to the Ferguson Funeral Home.

Dr. Rodeman said an inquest was not necessary, after the questioning of both Payton and Weston. Prosecuting Attorney Harold Barrick released Payton after talking to the two Negroes. "At present I would say it was justifiable homicide," Barrick said.

"Payton had found the two in his house, and had made an attempt to detain them for the police and when they ran, it was not until then he shot. Under the law, he was justified in endeavoring to detain the men, they having entered his property without permission."

No charges were immediately filed against Weston in connection with entering the house. He was booked for investigation of breaking and entering.

Dr. Rodeman said the bullet, a .22-caliber shot, had entered Crowbarker's back and apparently punctured the left lung.

Crowbarker was born May 10, 1939, the son of Mrs. Alberta Crowbarker, and the late Richard Crowbarker.

He is survived by: his mother; two brothers, John, 22, Willie, 13; three sisters, Mrs. Hattie Weston of the home, Mrs. Madeline Walker, Kansas City, and Patricia, 2, of the home; his grandparents.

Mr. and Mrs. Dave James of Gilliam, Mo., and Harrison Crowbarker, 301 North Montauque; and a number of other relatives.

### Says 'I'm Whipped'--

## Woman Promises to Enroll Girl After 2 Hours in Jail

CALIFORNIA, Mo. (AP)—After thinking it over a couple of hours in jail, Mrs. Mary L. Schoenheit decided to let her 7-year-old daughter Mary, go to school.

She promised Mary will be in class Monday.

Mrs. Schoenheit, a former school teacher, had been tutoring Mary at home. The mother contends Mary is an exceptional child. She objects to public schools, says they turn children into "trained seals," infect them with "the virus of being like everyone else."

Yesterday Magistrate W. G. Heidbreder had the sheriff bring her in on a charge of "neglecting and refusing without good cause" to send Mary to school.

Mrs. Schoenheit pleaded guilty. Magistrate Heidbreder fined her \$5 and sentenced her to 10 days in jail. He put Mary in the custody of welfare authorities.

Two hours later Mrs. Schoenheit was back before the magistrate.

"I'm whipped," she said. "I'll put her in school."

"That's a bad deal," she said. "What a way to spend your 47th birthday!"

## Oil Progress Queen Attends Lions Dinner

Miss Marjory Cummins, Sedalia's Oil Queen, was the guest speaker at the Sedalia Lions Club at its noonday meeting Wednesday in the Ambassador Room of the Bothwell Hotel. The program was in connection with National Oil Progress Week.

The guest spoke on petroleum products and described her entire outfit which was made from petroleum products.

Miss Cummins was introduced by Harry Goldberg, program chairman.

Goldberg gave a brief history on the oil industry, stating the first oil well was drilled 97 years ago.

During this discussion, Philip Pfeiffer, told the club he has an old letter which was written by a relative in 1875 in which it referred to the relative's proposed entry in the oil business. The letter said at the time 100 barrels of oil were produced daily and "this is an over production."

Goldberg pointed out at the present time 100 billion barrels of oil are produced daily.

President Robert "Bob" Cain announced the Lions Club will sponsor a window decoration contest for Halloween, if the school board grants its cooperation in letting the various schools participate. The young artists, under the Lions plan, will have an opportunity to display their own art in drawing scenes on various windows of business firms, for which prizes will be awarded.

Howard C. Beresford, civilian regional representative of the Air Force, was a guest of the club and expressed the thanks of the Air Force for the excellent cooperation between civilians and military of the Whiteman AFB area.

The Rev. Sam Williamson, Fairfield, Ia., was a guest of the club. He is a member of the Lions at Fairfield.

### Sheriff's Office Reports Several Recent Gun Thefts

The sheriff's office reported three farm homes have been broken into recently. Guns seem to be the main object of the thieves. In one home, just the clip from a gun and shells were taken.

The fourth, and most recent occurrence was at the home of Mr. and Mrs. John Sublett, Sedalia, Route 1, Monday afternoon between 2 and 4 o'clock at which time four guns were taken and one telescope sight. The guns are a 4-10 over and under, 16-gauge pump gun, single bolt action .22 rifle and a repeating .22 rifle which was new.

The family was not home at the time and nothing else in the home was disturbed. The home was entered through the front door.

### Loses Forearms In Corn Picker

Willis Brooks, 35, who lives in the Hardeman community, Sedalia County, lost both hands and forearms in a corn picker accident about 3 p. m. Tuesday. Mr. Brooks, son of Ira Brooks, was at work in a corn field about two miles north of Hardeman.

Both arms were caught in rollers of the machine. It is not known for what reason the machine stopped, but both arms were held fast. His father found him about an hour after the accident.

Charles LaRue, county recorder, who lives a short distance south of Hardeman, was called and it was necessary for Mr. LaRue to remove eight bolts before the arms of Mr. Brooks could be released. The accident victim was able to walk about 100 feet to the Vawter ambulance, which took him to Fitzgibbon hospital in Marshall.

At the hospital, physicians found his hands and arms so badly mangled that it was necessary to make amputation of both arms just below the elbows.

## Pretty Closet Can Result From Clever Bedsread Use

By DOROTHY ROE  
Associated Press Women's Editor

A pretty closet can make the busiest housewife feel elegant. Clothes will last longer, too, if protected by garment bags and dust covers.

A new and practical idea to carry out a decorating scheme in bedroom and closet is to make closet accessories from a bedspread matching the one on the bed. Just buy two matching bedspreads, and use one to make a garment bag, shoe bag and dust covers. In a bedspread you have a piece of fabric as big as a six-by-nine-foot rug — ample for a complete set of closet accessories. Local sewing experts tell you how to do it.

Make the big garment bag first. It's easier than ever if you follow the no-pin, no-baste method of zipper insertion illustrated on new zipper packages.

Double-hanger frames for garment bags are sold in most five-and-dime stores.

Start by cutting two side pieces 20 inches wide and 54 inches long. Then cut two side boxing strips eight inches wide and 54 inches long. Cut top and bottom pieces eight by 20 inches. Slash the center of one side boxing piece and insert a 36-inch slip-cover zipper, following directions on the package. Using your multi-clotted binder attachment on your sewing machine, bind edges together along all 54-inch lengths. Embroider eyelets in top piece large enough to fit over hanger. Stitch top and bottom in place. Bind edges.

To make the shoe bag, cut a piece 36 to 18 inches. Cut two horizontal strips, 40 inches wide and 10 inches deep. Tape the cut edges. Divide strips into four equal sections and stitch, section by section, to the back panel. Bind all cut edges. Stitch loops to the top of the bag.

You will have just enough of your spread left over for two shoulder covers. For each cover cut two pieces eight inches deep and the width of a hanger, plus two inches for seams. Round off top edges to shoulder shape and seam together, right sides facing. Leave a two-and-a-half-inch opening at the top for the hanger. Turn cover right side out and bind bottom edge and top opening.

Other suggestions for closet accessories made from bedspreads are: Hatbox, blanket box covers, cases for sweaters and gloves. You

can even line closet and cover shelves with fabric to match your bedroom decor.

## We Just Dare Rain To Fall

There was a time in this area when a motorist would get his car washed on a sunny day, then the next day it would rain, spotting up a shiny vehicle.

We've long since given up trying to induce moisture to fall from above after four months of weather dry as toast. Until today when an appeal is sounded to protect Missouri woodlands which are hair-triggered for a spark to set them ablaze.

Property owners in town may stand guard over a leaf or grass fire, but out in the wide open spaces a carelessly tossed cigarette by motorist or hunter may start a conflagration which in damage will do more than destroy trees and properties — it affects an industry employing thousands of people.

The forest industries of Missouri offer employment to a great number of people who are dependent on these companies for steady jobs year-round. To many citizens Missouri is not thought of as a timber producing state of any consequence, according to the American Forest Products Industries, Inc.

Nevertheless forests have always played an important part in the economy of Missouri.

A recent survey by the U. S. Department of Commerce showed three out of every 100 persons employed in the industries, trades, and businesses of Missouri were employed in industries directly dependent on timber for raw ma-

terial. Add to that figure the dependents of those employed, and the relation of the forests to the state's welfare becomes apparent.

In 1952 a survey revealed that forest industries engaged 32,000 people receiving wages and profits exceeding \$149,000,000. The values of the products manufactured was approximately \$358,000,000.

Missouri's 15 million acres of forest lands contain enough lumber in trees of saw timber size to fill nearly a million freight cars. In 1947 alone, over 259 million board feet of lumber was produced from Missouri forests.

The Missouri forest industries are accepting their responsibilities toward the protection of this valuable natural resource, and are sponsoring the Missouri Tree Farm program to encourage the small landowner to practice better forest management with the aid of the technical foresters employed by the companies.

Fire has always been a great threat to the woods, so the Missouri Forest Industries Committee of men representing the state's industries have launched a Keep Missouri Green campaign to encourage the citizen to accept his responsibility to reduce wildfire in the forests.

Now after calling attention to the forest fire hazards current in Missouri, we just dare rain to fall in such generous quantities as to make this appeal sound ridiculous.

## Courted Governor Knight's Goodwill

By DREW PEARSON

LOS ANGELES.—Gov. Goodwin Knight of California, a gentleman who is not too high-hat to be called "Goody," was not popular for a time with the ruling minds of the Republican party. Reason: He liked Ike, but didn't like Dick.

After San Francisco, however, Goody was wooed and courted. Len Hall, who once was sore as blazes at Goody, phoned him and said: "We need you."

"Ok," said the Governor of California. "What's the assignment?"

"Go to Whittier and introduce Dick Nixon." Gov. Knight went to Nixon's home town and introduced him. Since then he's been campaigning wherever the GOP high command has sent him—chiefly Florida, West Virginia and Maryland. Knight was also asked to go to Michigan to woo the labor vote, since he's about the only Republican Governor with a strong labor backing. Knight, however, refused and is heading back to California. Too many fires to put out at home.

He has reported to Republican headquarters that Sen. Tom Kuchel will defeat Democrat Dick Richards but that Ike himself is in trouble in California.

For the first time in years the name "Democratic" is on the ticket. Hitherto, California has had cross-filing and a lot of people really didn't realize who were Democratic and Republican candidates. But with the name Republican clearly stamped after a candidate's name, and with Democratic registration heavy, Governor Knight is not at all sure what the final outcome will be in November.

Note — After wooing Knight to get out on the hustings, Len Hall seemed peculiarly unappreciative. The Governor of California spent all week in the Carlton Hotel in Washington where Hall was also residing, but Hall made no effort to see him.

### Key Witness

Texas Congressman Jack Brooks has slapped a subpoena on an ex-Eisenhower administration official, now retired to a California ranch, who could tell the inside story about GOP chairman Len Hall's connection with the Nicaro Nickel plant scandal in Cuba.

This key witness is Edmund Mansure, former head of General Services Administration, the huge agency which lets government contracts

### Guest Editorial—

CHRISTIAN SCIENCE MONITOR: Vicious Circle In Teaching. While the major political parties are campaign-debating which one killed federal aid to schools, citizens of both parties could well be thinking about how to solve another school problem even more serious: how to get more teachers, and better teachers, and how to better the teachers we have.

Paying teachers more is only part of the problem. And many of the roots of that are to be found buried in another part—a part spotlighted by a recent study sponsored by the New York State Citizens Committee for the Public Schools. The survey covered 199 communities believed typical.

It found that: Almost half the parents did not respect the teachers' knowledge of what they taught. Only a fourth of the parents admire teachers at all. Only a fifth of the parents would care to have their children become teachers. In half the communities teachers are rarely included in social events and rarely asked into their pupils' homes.

Is this the verdict of the jury, and are teachers, after all, a sorry lot? Or does this raise deeper questions: Under such conditions, who wants to be a teacher—poor pay or good? And are teachers poorly paid partly because their status is relatively low or is their status low partly because they are poorly paid?

There is a vicious circle here which must be broken. In the American civilization, which is business-minded and where, naturally enough, prestige gravitates toward the business career, this will take some self-examination and conscious effort.

### Thought for Today—

And I saw heaven opened, and behold a white horse; and he that sat upon him was called Faithful and True, and in righteousness he doth judge and make war.—Rev 19:11

The greatest joy that will come to the heart of the saints in heaven will be not to behold the mansions, but the Master.

## Ike, Adlai Alike in Lack of New Ideas

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — There is a twinning between President Eisenhower and Adlai Stevenson not only in the promises they make but in the lack of new ideas in this campaign.

Eisenhower has offered no new ideas at all. Neither has Stevenson with two possible exceptions: on the H-bomb and school aid. Eisenhower is vaguer on his promises although Stevenson in most cases is pretty vague too.

An American who looks at the two parties with fixed prejudices or new enthusiasms may feel he discerns big differences between the men. To an impartial European this election may look like a choice between two managers for the same store.

Both men, moderate and conservative, are basically alike in their outlook; they are agreed the social progress of this country must be retained. They're not offering to change it but only to improve it.

Thus voters must make their choice on small differences rather than big or radical ones: which man can do the White House job better, and whose programs, since they are generally similar, look a little better?

On foreign affairs Eisenhower and Stevenson basically see eye to eye on a need for alliances and continued foreign aid.

And on one of the really fiery issues of the day — getting the South to accept the Supreme Court's ruling against public school segregation — both men have expressed only platitudes. Neither has offered a program or a solution.

On this issue Stevenson has taken a little stronger stand than Ei-

senhower: he at least says he approves the court's decision. Eisenhower, asked several times if he endorses the decision, has never said he did but must, as president, back it up.

Eisenhower — whose theme is peace, prosperity and progress — stands on his record, belittles the Democrats, promises to expand existing programs or get action on measures previously introduced in Congress but not yet approved.

Stevenson — with no White House record of his own — points with pride to past performances of the Democrats, belittles the Republicans, and in general makes the same kind of promises as Eisenhower: expansion and action on measures already discussed.

One notable difference between the two men is in their farm programs: Eisenhower assures the farmers they'll make out fine under his flexible price support policy; Stevenson says they'll do better with higher rigid supports.

Eisenhower so far has not gone into details on anything he's promised. Stevenson has gone into detail on three programs: health, education, and older people.

If two of Stevenson's ideas can

be considered new, these are the ones:

1. He was proposed the United States take the lead toward ending H-bomb tests. If he is suggesting they be ended without ironclad agreement with Russia to do the same, that would be new. But it still is not clear precisely what he has in mind.

2. Instead of offering the kind of school aid bill debated in Congress this year — to give states money only for building schools — For example: one might need money to train teachers more than to build schools.

Eisenhower and Stevenson, as is usual in a campaign, have exaggerated the differences between them and between their parties. But the general similarity of their programs can be seen from this list which both have proposed:

Erasing the schoolroom shortage; prosperity for the farmers, although by different methods; medical research; housing; jobs for older people; steps to ease unemployment; soil conservation; water resources development and new supplies of power; special laws to protect small business men; peaceful use of atomic energy.

## Vitamins Have Different Substances, Act Differently

By EDWIN P. JORDAN, M.D.

The problem of explaining the various vitamins and what they do has become increasingly complex over the years. Most of the vitamins, originally named by letters of the alphabet, have now been discovered to consist of several substances with different actions.

While this is particularly true of vitamin B, it is also true of some of the others, including vitamin D. Nevertheless leaving this aside, it is possible to discuss vitamins A and D together.

These vitamins have several characteristics in common and are of primary interest to the care of children because most grownups get these vitamins in sufficient quantities without giving them any special attention.

Taking vitamin A first, lack of sufficient amounts may lead to what is commonly called night blindness. This is a condition which involves inability to see well in a dim light. Where this visual defect is related to vitamin A deficiency, it can be cured promptly by giving extra quantities of this vitamin. Since there are other kinds of poor vision at night, however, the claim that simply giving vitamin A to the drivers of automobiles will lessen their chances of having accidents at night is not justified.

Vitamin A is sometimes helpful in the treatment of certain kinds of skin conditions, but only when these are caused by a lack of this vitamin in the diet. Any value from vitamin A in preventing influenza, colds or other infections is doubtful. Likewise, the claim that taking enough vitamin A will prevent the formation of kidney stones is probably not justified.

Vitamin A is naturally present in liver oils of several fish, in butter, cheese, egg yolk and many vegetables.

The term, vitamin D, is applied to at least two substances which are known to aid the body in using calcium and phosphorus. Consequently, this vitamin is recognized as a specific method of treating certain conditions in which calcium is not properly used. These conditions are rickets (a kind of bone softening in children), infantile tetany and some other conditions in which there is abnormal use of calcium and phosphorus.

Vitamin D is also believed to play a part in tooth formation, but it is doubtful that this substance is the only important element for preventing such diseases of the teeth as caries. This vitamin is present in almost exactly the same foods as vitamin A.

Combinations of vitamin A and vitamin D are frequently given children during the winter months,

## Political Guns Loaded With Half-Truths, Pie In the Sky

By PETER EDSON

WASHINGTON — The half-truth political technique is going great guns here this year. Examples pile up daily as the campaign progresses.

Thus Gov. Thomas E. Dewey was technically correct when he broadcast that, "After the Republicans took over in Washington, not one dime went to the rotten Argentine dictator."

But what the governor did not mention was that a 60-million-dollar loan for a new Argentine steel mill—on which negotiations were begun in the Truman administration—was approved in March, 1955, by the Eisenhower administration. This was six months before Peron was kicked out. So the full record makes both parties culpable for coddling Peron.

Similarly, President Eisenhower was literally accurate, as far as he went, in saying at Lexington that the Democrats voted against his school aid bill 215 to 9 while Republicans voted for it 149 to 47.

This was not, however, on a vote for final passage of the Republican bill. It was on a motion to recommit the Democratic school aid bill and substitute the GOP bill for it.

On final passage of the Democratic school aid bill, as Speaker of the House Sam Rayburn pointed out, his party voted for the bill 119 to 105 while the Republicans killed it 119 to 75.

Taking an example from the other side of the fence, Adlai Stevenson is correct as far as he goes in saying that Democratic reciprocal trade agreements program.

But what Stevenson conveniently overlooks is that the Democratic-controlled Congress refused to act on President Eisenhower's recommendation for authorization of the Organized for Trade Cooperation—OTC—to administer the program.

Numerous other examples of half-truths by both parties are being made in this campaign on such subjects as cost of living, inflation, farm policy, National Labor Relations Board—and even peace.

Republican and Democratic parties now have their "Truth Squads" and "Lie Detectors" operating.

### ASC Committee Okays Discharge of Lewis County Official

COLUMBIA, Mo. (AP) — The discharge of Hugh Smith, Lewis County office manager for the Agriculture Stabilization and Conservation Service was approved yesterday by the State ASC Committee.

An appeal from Malcolm Rippel, discharged as office manager of Randolph County, was taken under advisement.

Both Smith and Rippel had appealed their dismissal by county committees.

Murray C. Colbert, state ASC chairman, said Smith had not met regulations and lacked qualifications as an office manager.

Rippel's appeal was taken under advisement pending submission by the Randolph County committee of written charges against him.

Colbert said Orel E. John of Huntsville, chairman of the Randolph County committee, was suspended by the state committee following the dismissal of Rippel.

An investigation has been ordered by the state committee, Colbert added, to decide whether John is to be reinstated or dismissed.

for the purpose of improving bone and tooth formation. The reason is that in winter vitamin D, which is formed by exposing the skin to sunlight, may be insufficient to supply the body's needs.

erating to check up on each other. But both are being demonstrated as too prejudiced to be effective.

What seems to be needed, in the opinion of objective independents, is some kind of a refined Geiger counter which could be used by a half-truth squad to detect half-lies and enlarge them to the whole truth.

On another political action front, we have the old trick of promising voters more than they know they're going to get.

Thus, Stevenson is now holding out hopes for full income to the older citizens after their retirement. And Vice-President Nixon offers everybody a four-day week.

All such promises have long been classified as "pie in the sky." Red propagandists have been promising their people pie in the sky for years. Look what it has got them and where they are now.

The tradition of American political folklore is that the exaggerations of candidates for public office should not be taken seriously. They should be laughed off and soon forgotten.

But if all American politicians are now to behave in the manner of ex-President Harry S. Truman and ex-Gov. Harold E. Stassen—saying one thing today and the exact opposite tomorrow—and get away with it, then something may be happening to the national political character.

The question it raises is whether this example is anything to hold up for the world to see.

## Thinking It Over

By Robert L. Dieffenbacher, D.D.

Are you an "either-or-er"? Do you judge everything as either fast or slow, good or bad, healthy or unhealthy, clean or dirty, perfect or imperfect? Are your friends either smart or dumb, interesting or dull, sophisticated or boring? If you measure people, events, conditions and objects in terms of extremes you fall into the category of "either-or."

Of course, you and I are in between. When we face reality, we find very few people at the opposite ends of possible measurement. Few people are the tallest or the shortest in the world or in the town. Generally only two fall in these classifications.

Not many ideas are entirely workable and few thoughts are not worth considering. Our homes are seldom entirely clean or completely filthy.

The disciples who were chosen to follow Jesus were average men. They had their faults and their abilities. They were not extreme men. Of course, Judas was despicable to all of us, but we do not know many Judases, and we do not know anyone like Jesus.

We need to look on our neighbors, our relatives and even the people whom we do not know very well as Jesus looked on His disciples and on others. Everyone could be better than he was. No one is without sin, but no one is hopeless in the eyes of God.

Let us not fall into the error of judging all as "either-or." Let us work for a better world of better people and better conditions.

## Tigers Play Kewpies There Friday Night

It's Homecoming For Columbia High And Big CEMO Tilt

Friday night the Smith-Cotton Tigers will endeavor to "mess up" the Hickman high school Homecoming at Columbia when they clash on the Hickman gridiron. It will be the Tigers' second venture on the 1956 C.E.M.O. grid circuit.

Their first tangle in the conference play was a victory over the Hannibal Pirates, 24-13 last Friday. The score does not speak for the Tiger team inasmuch as Coach Ralph "Stub" Dow swept his entire bench into the game, giving the youngest and smallest of his entire squad an opportunity to get into a regular grid game in the conference.

Columbia and Jefferson City at the opening of the season were both rated over the Tigers, but their scores against Hannibal both 27-7 victories were little better than the Tiger results. Last weekend the two leaders met in a terrific battle, results — Jeff City won 13-6.

Without a doubt the game Friday will be terrific with Sedalia's Tiger spark, Charles Newman, and Columbia's nominee for the All-State little Billy Mills facing each other. Pencils will be sharp to see which player out does the other behind a fighting squad of players more anxious on both sides to pull the game out of the fire and to take honors back into the school room on Monday.

Hickman has run up big scores on all their opponents except that which was last week. They trounced upon Moberly 39-0; Kirksville 28-18; Mexico 21-6, (who the Tigers were only able to edge out a 7-6 win over); Hannibal 27-0.

Further more Mills has scored 12 of Columbia's season 18 touchdowns, and Ronnie Cox has scored 12 of their 13 extra points after touchdowns. Tom Stewart and Estes each scored three, while Winscott picked up one point, after touchdowns.

In the Smith-Cotton scoring Charles Newman has scored five times; Larry Shepherd on two passes; Jim Goodrich, James Murray, and Larry Clark one each and Ronald Gates one off of a pass. A total of 14 touchdowns against much stiffer competition than Columbia has met. Then Newman kicked four extra points and Bryan one.

The Tigers record to date is three wins and two losses for this season. They defeated Fulton 7-6; lost to St. Joseph Central 14-19; lost to Springfield Central 6-19; defeated North Kansas City 20-19; defeated Hannibal 24-13.

The past week the Tigers have been worked and worked on how to meet the Kewpie attack, their plans having been scouted and the team watched in action. What results will come from it will be determined when the game is played. The Tiger coaching staff is confident they can beat Columbia if they continue with the spirit they displayed against North Kansas City and against Hannibal. However, the coaches also admit there is still room for lot of improvement on the part of the locals.

The probable starting lineups: Smith-Cotton POS Columbia Larry Shepherd LT Jim Goodrich LT Roger Gaffke LT Bill McDowell LG Tom Curtis Dick Sklar LG Larry Coates Arthur Bethke RG Jim Kidwell Edward Hall RT Pat Reid Ronald Gates RE John Wilson James Murray QB Ronnie Cox M. Bryan LB Tom Stewart C. Newman RB "Paley" Mills Jim Goodrich or Larry Clark FB Andy Frech LT The entire Columbia squad is composed of Seniors and lettermen. The Tigers have seven Seniors and seven of the starters are lettermen.

## Senators' Board Will Consider Move to Coast

By THE ASSOCIATED PRESS

The board of directors of the Washington Senators huddle tomorrow to consider moving their franchise to Los Angeles or San Francisco or Louisville — or possibly just to move it at all.

Those three cities have made offers for the American League franchise, with most of the talk built around the West Coast, particularly Los Angeles.

Other American League club officials, however, aren't commenting on how they would vote on a Washington request to move. Cost seems to be the most important consideration.

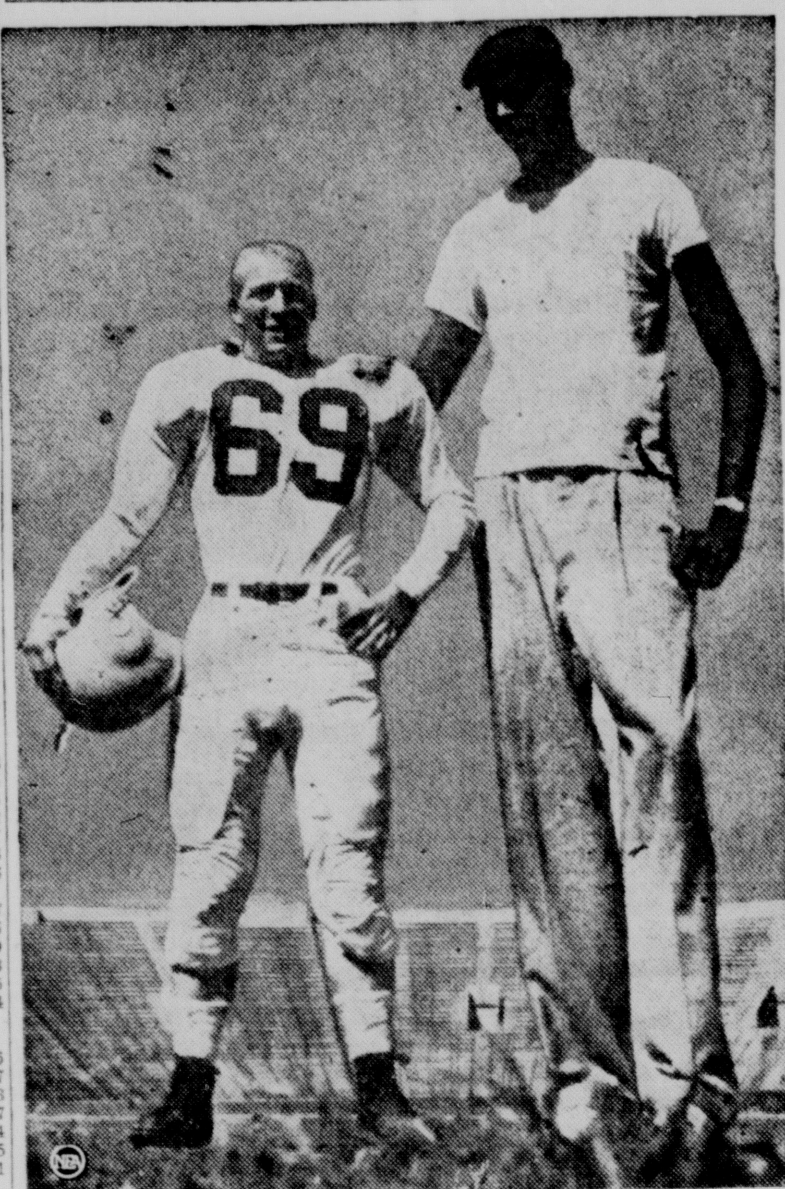

Senator President Calvin Griffith apparently seriously considering a shift to Los Angeles, said that city has offered to build a ball park and to provide the money to buy the Pacific Coast League franchise there.

American League President Will Harridge said as far as he's concerned it's still in a "talking stage."

At least one member of the Senators' board has said he'd go to court, if necessary, to block a shift.

Among other AL owners and officials, Chuck Comiskey of the Chicago White Sox said a switch to the West Coast "would be a tremendous big move, travelwise and expensewise. I would want to see a lot of things in black and white."

## Unused to Irish Losing—

## Rivals View Notre Dame As Volcano Apt to Erupt Soon

SOUTH BEND, Ind. (P)—Rival football coaches are viewing Notre Dame as they would a volcano which at any moment will erupt. That's how unused they are to seeing the Irish lose.

Duffy Daugherty, whose unbeaten Michigan State Spartans invaded Notre Dame Saturday, sums it up this way: "Some time before this season is out, Notre Dame is going to become a great team. I just hope it doesn't happen Saturday."

Against MSU, ranked No. 2 nationally and pressing Oklahoma to top recognition, Irish Coach Terry Brennan will field one of the greenest teams in the school's history.

For the first time since the Southern California game of 1952, Notre Dame will appear at a kickoff as an underdog. The Spartans are listed 14 or 15-point favorites.

There is great incentive for an upset for the Irish have bowed to MSU in 4 out of their last 5 games.

In Brennan's head coaching debut last year, the Spartans won 21-7. The Irish's only other loss in 10 starts in 1956 was 42-20 to Southern California in the season finale.

The Irish this fall have a 1-2 record, dropping decisions of 19-13 to Southern Methodist and 28-14 to Purdue, and defeating Indiana 20-6. MSU buried Indiana 53-6 last week, to go with victories of 21-7 over St. Joseph Central and 20-19 to St. Joseph Central. The Irish's only other loss in 10 starts in 1956 was 42-20 to Southern California in the season finale.

Logart Still Ranks at Top Of Weight Class

BOSTON (P)—The high rating of Isaac (Kid) Logart as a contender for the world's welterweight championship still appeared justified today despite a 10-round decision loss to unranked Gaspar Ortega of Mexico.

The 23-year-old Cuban, rated the No. 3 contender by the National Boxing Assn. and Ring Magazine, was upset by Ortega in a nationally televised bout last night on some surprising vote-casting by the officials.

The referee and one judge voted for Ortega and the second judge a draw. Boxing writers had Logart the winner by a 5-1 margin, while several other veteran ring men also figured the Cuban had won.

Logart subjected Ortega to a heavy body battering from the opening bell, but the Mexican Indian's last-round rally gained him the votes of Referee Eddie Curley and Judge John Norton.

Ortega, a 4-1 underdog outpointed by Logart last March, was cheered on by a "studio" crowd of 906 at Mechanics Building and apparently landed enough solid blows against the stylish Logart to hard-fought battle.

Logart, a fine boxer, scored with both hands repeatedly throughout the bout while blocking or slipping most of Ortega's efforts. The Cuban had a wide edge in the fight at close quarters.

Curley voted 97-95 and Norton 97-96, both in favor of Ortega.

Judge Harry Sundberg voted a draw, 96-96.

Logart's record is 1-2 with 10 knockouts in 10 fights.

## Homecoming At Mo. Valley On Saturday

Attempting to accomplish something which no other team has been able to do, the Bears of Arkansas State Teachers College will be out to spoil the Homecoming celebration of Missouri Valley's Vikings Saturday afternoon at Gregg-Mitchell Field in Marshall.

Just as determined to keep their 16-year record under Coach Volney Ashford intact, the Vikings will be trying to jerk the welcome mat right out from under the Bears as the two teams meet for the first time.

The modern string of homecoming victories which the Viking teams have compiled since 1937 (not including the war years of 1943, '44 and '45 when football was disbanded at Valley) has been a real source of pride for the many alumni, students, and townspeople who join each year in this celebrated get-together.

Always willing to play the best teams anywhere and any time Coach Ashford has selected this Arkansas team in anticipation of providing the crowd with a good football match. As unpredictable as the game of football usually is, the general consensus of opinion seems to be that the Vikings will probably have their hands full with the Bears from Conway.

The Bears belong to the Arkansas Intercollegiate Conference which has a most unusual setup in regard to the football season. The five teams in the circuit play a round-robin schedule, meeting the four opponents twice each for a total of eight games. This is the general custom of all basketball conferences but seldom do football teams meet each other more than once in any campaign.

Besides Arkansas State Teachers the conference includes Arkansas A&M College of College Heights; Henderson State Teachers College of Arkadelphia; Ouachita College, also of Arkadelphia; and the College of the Ozarks, Clarksville.

Outside the conference Arkansas State has already met Southeast Missouri State College of Cape Girardeau, losing a 33 to 20 battle to the strong Indian team. Missouri Valley is the other non-conference foe on the Bears' 10-game schedule.

Following the loss to Cape Girardeau the Bears were subdued by Arkansas A&M College and the last two weeks, still failed to get on the winning side of the ledger, dropping decisions to Ouachita 20 to 0 and College of the Ozarks, 20-13.

The team, coached by Frank Koon, uses variations from the single wing. There are 17 men on the squad who gained considerable experience last season and they are scattered nicely, with a capable starter at each position. The freshman crop is large in number, but it is relatively small in size.

On Saturday morning at 10 a.m. the alumni and friends of Missouri Valley will witness the annual Homecoming parade. During the past week all the organizations of the enthusiastic student body have been preparing floats, and gate and house decorations which will be entered in competition for originality of design, theme, and appearance. To wind up an exciting day, a dance will be held in MacDonald Hall at 8:00 p. m. to honor the Harvest Queen who will be crowned during half-time activities at the afternoon game.

MacDonald Hall will be formally named in honor of the late Anna Maude MacDonald, wife of William E. MacDonald, president of the Board of Trustees of Missouri Valley College, at a dedication service in Stewart Chapel on the Valley campus Friday morning, Oct. 19. To this service friends and alumni of the college are invited.

Navy has won five of the last six titles in the Eastern Intercollegiate 150-pound Football League.

Ortega, a 4-1 underdog outpointed by Logart last March, was cheered on by a "studio" crowd of 906 at Mechanics Building and apparently landed enough solid blows against the stylish Logart to hard-fought battle.

Logart, a fine boxer, scored with both hands repeatedly throughout the bout while blocking or slipping most of Ortega's efforts. The Cuban had a wide edge in the fight at close quarters.

## Press Board Makes First Report—

## Four Sooners Top Candidates For All-America Grid Honors

KANSAS CITY (P)—Four Oklahoma Sooners head the sprawling midlands area candidates for All-America football honors this fall.

And Tommy McDonald, a 1955 All-America, halfback Clendon Thomas, guard Bill Krisher and center Jerry Tubbs are only four of the numerous Sooner stars making early bids for regional and national honors.

A 16-man board representing newspapers and radio-TV stations included a wide variety of all-star talent—mostly Oklahoma—in its first report released today.

The board was high in its praise of three members of Oklahoma's alternate — second team in most circles—Jay O'Neal, quarterback; Bob Timberlake, end, and Doyle Jennings, guard.

## Predicts '57 Season Will Be Better

DETROIT (P)—The Detroit Tigers, best second-half club in the American League in 1956, will be full of fire and vinegar from opening day in 1957 if their new manager, Jack Tighe, has his way.

Twenty-four hours after taking over his first major league managing job, Tighe today reviewed his prospects this way:

"My players will be in shape and will stay that way. We have the basis for a good team. We should have finished in first division this past season, maybe in second place. We'll run instead of wait for the home run. There will be a curfew."

Tighe knows the club. He has been a coach for the Tigers for the past two seasons. His selection as manager to succeed Bucky Harris came as no surprise.

He was first choice of the new Tiger owners who took control the day after the season ended.

The Tiger resurgence in 1956 came with the sale of the club by the Briggs family to a syndicate of radio and television executives headed by Fred Knorr and John Fetzer.

From the start of the season to July 17, the date of the sale, Detroit had a 36-46 record. From July 17, the date of the sale, Detroit had a 36-46 record. From July 17 to the end of the season the club had a 46-26 mark, best in the league.

The new owners said freely they wanted a manager that would inspire and demand fiery, aggressive play. Harris quit during the season's final week, saying he obviously didn't measure up to those qualifications.

## Arkansas State Holds NAIA Rushing Record At The Halfway Mark

KANSAS CITY (P)—The top rushing team among schools in the National Association of Intercollegiate Athletics (NAIA) as the football season approaches the halfway mark is Arkansas State College of Jonesboro.

The NAIA statistical bureau reported today the Arkansas school has piled up 1,133 yards for a 37.7 average in three games. It holds a slight lead over Mississippi Vocational of Itta Bena, which has averaged 365 yards in five contests. Kansas Wesleyan University of Salina is third with a 360.3 average for four games.

Mississippi Vocational is tops in passing with an average of 193 yards in its five games. It has scored 15 touchdowns on passes. The Mississippi team also leads in total offense with 1,825 yards rushing and 956 passing for an average of 538. Arkansas State is second with a 444.3 average.

## Here Is How Series Pool Was Divided

NEW YORK (P)—The biggest chunk of the \$758,561.63 World Series players pool went to 32 members of the world champion New York Yankees, who pocketed \$87,715.76. Twenty-eight members of the Brooklyn Dodgers collected full shares of \$6,934.34—a record losers' share.

The previous losers' high was picked up by the Cleveland Indians in 1954, with 34 full shares worth \$6,712.50 each. That was the wealthiest four-game series on record, with the winning New York Giants claiming full shares of \$11,147.80.

That series was played in New York's spacious Polo Grounds and Cleveland's mammoth Municipal Stadium—building a record players pool of \$881,763.72. The players' pool is derived from the first four games each year.

A total of 332 players, managers, coaches, batboys, ballboys, clubhouse attendants, trainers, groundskeepers and traveling secretaries dipped into the 1956 pool.

The Yankees, taking a \$50 top share cut by voting late — corner Enos Slaughter a higher percentage when the series was in progress, and the Dodgers split 70 per cent of the money. Their share amounted to \$50,993.15 with the Yankees getting \$318,595.89 in the final figures announced by the commission Ford Frick yesterday for the seven-game series.

Cleveland and Milwaukee, the second-place clubs in the pennant races, divide 15 per cent of the pool (\$56,892.12 each); the third-place Chicago White Sox and Cincinnati take 10 per cent (\$37,928.08 each); and fourth-place Boston and St. Louis 5 per cent (\$18,964.04 each).

Net receipts for the series totaled \$2,183,254.59 (compared with last year's \$2,337,515.34 net). Of that, \$1,180,204.76 went to the clubs and leagues and \$327,488.20 to the commissioner's office. That left \$675,561.63 for the players' pool, which was padded by \$83,000 from pregame television programs.

## W. C. Ream Cops Class 'B' Crown At Countryview

The dangling portion of the Countryview Golf Course Men's Championship was snatched up by W. C. Ream Sunday when he topped George Thompson 2-and-1 to capture the Class "B" title.

The last match of the three-flight tournament concocted as a down-to-the-wire battle by the two finalists. Thompson was able to hold Ream even-up after the first nine holes of the match, but faltered slightly on the incoming nine to lose on the 17th hole.

In earlier activity Bob Barbour won Class "C" and Frank Reynolds copped Class "A". All three winners received trophies.

# Mick Rooney Takes Issue On TV Movies

By BOB THOMAS  
HOLLYWOOD — Mickey Rooney takes sharp issue with Clark Gable, Judy Garland and other stars who have objected to the showing of their old movies on TV.  
The release of the huge studio backlogs, especially those of MGM has brought strong protest from some stars who complain that frequent appearances on TV hurt them as film stars; that they may be competing with themselves on TV; and that they get no money from film showings.  
The irrepressible Mick doesn't go along with the mourners. He asks, "how can you have too much exposure? I don't see how those old pictures can hurt me. In fact, I think they ought to help me."  
As for the money involved, Mickey philosophized: "You can't get any of it, so why worry?"  
One thing he did object to. He heard MGM was thinking of slicing the Andy Hardy series up into half-hour shows. Mickey hustled to his lawyer about that and the project has not been mentioned lately.  
Mickey's current career continues at a busy clip. He did three pictures this year, including a much-lauded performance in "The Bold and the Brave." This summer he played several profitable weeks at Las Vegas, Reno and Lake Tahoe. He recently appeared on the Steve Allen TV show and is doing a half-hour TV filmed drama this week. He opens his

## Hal Boyle's Column--

# Politics Has Changed Since 1952 to Spectator Event

By HAL BOYLE  
NEW YORK (AP)—Curbsome comments of a Pavement Plato:

In 1952 the ordinary voter didn't hesitate to break up a beautiful lifelong friendship over a difference in political opinion.

He was that steamed up. But do you know of anybody who has broken any lifelong friendship as a result of the 1956 campaign? I don't.

Nineteen days from now the nation picks its next president. But the general public seems hardly more stirred by this fact than by the news that there are only 57 shopping days left before Christmas.

What has happened? In previous presidential election years politics has always ranked as America's top participant sport, a participant sport being one in which you take part yourself — such as playing gin rummy or making love.

The great spectator sports — those at which you just sit and watch — were baseball, football and basketball. But this year politics seems to outrank them as a spectator sport. No one is playing the game but the professional politicians. The voters are on the sidelines sitting on their hands.

It wasn't that way in 1952. Remember? Everybody was in politics, and politics was in everybody. Husbands were so riveted by they were even talking back to their wives.

Democrats were walking into

bars offering to "lick any Republican in the place" — and any Republican within earshot was ready to call them.

It was a time when everyone was sure the country needed to be saved, and the only way to save it was to vote the way he did.

The rival candidates weren't simply men. Dwight Eisenhower was another Richard the Lionhearted, leading a new crusade; Adlai Stevenson was a new Woodrow Wilson, reborn more glamorous.

None of the politicians surrounding them were simply human either. All were haloes or had cloven hooves, depending on the voter's view.

And issues? In 1952 everything was on issue—even animal life. Remember Harry Truman's "red herring" and Dick Nixon's dog, "Checkers"?

Today all this is changed. There are still patches of strong political feeling across the country, but, on the whole, no stern anger stirs the average voter. Nor any panic fear. Few voters seem to be approaching the polls in the spirit of Paul Revere, alert to save the land.

They profess to find this de-

cay of partisanship astonishing, particularly since both Eisenhower and Stevenson have taken off the gloves and indulged in more bare-fisted "knuckle-bustin'" than they did in 1952. But from the standpoint of any mass reaction, they might almost be fighting in a vacuum.

In an effort to find the reason behind the public's apathy, reporters are going to "the grass roots." But the grass roots aren't saying much. They're yawning, too.

The truth seems to be that the average voter doesn't really have his dander up against anybody. He is weary of international crises and mostly interested in his own problems. He wants more peace and a bigger hunk of prosperity, but whether he plans to vote for Ike or Adlai he doesn't feel the other candidate is plotting

to make him poor or take him into war. So nobody's really belly-ripping mad at anybody.

It is highly unlikely that any election loser will have to push a peanut up Pike's Peak with his nose this Nov. 7. Who feels strongly enough on the campaign to risk

such a bet? Even the career martini drinkers, who usually will quarrel at the drop of an olive, are feeding more over the musical merits of Elvis Presley than they are over politics.

About the only things now that would be for President Eisenhower

to denounce both golf and motherhood—or for Adlai Stevenson to elope with Princess Margaret Rose of Britain.

Try something new with carrots: add cinnamon to the water in which they are boiling.

## Tattletale Production Features Dramatics

By Joan Iman  
This month's production of "Tattletale" will be presented Oct. 16 on KDRO-TV at 7 p.m.  
This program will be centered around the Dramatics Class' presentation of a skit from the play, "Pot Boilers," as the first exhibition from the Dramatics Class this year. This promising new department in Smith-Cotton is headed by Elbert L. Blair.  
The skit will be followed by a violin solo and a group of Junior High students singing Negro spirituals.

"Tattletale" is presented once a month. The series is produced and directed for Smith-Cotton by Robert L. Owens in cooperation with the TV station.

**ARMY OF FEDERALLY EMPLOYED**—Newsmap shows distribution of the nation's approximately 2,193,106 federal employees at midyear, according to a report just released by the U. S. Civil Service Commission. All except four states showed an increase over 1955. California led, with some 233,100 federal employees, but Metropolitan Washington was a close runner-up with 232,706. Metropolitan Washington includes the District of Columbia plus the cities of Alexandria and Falls Church in Virginia; Arlington and Fairfax Counties in Virginia; and Prince George and Montgomery Counties in Maryland. In Newsmap, figures for these states exclude their share of Metropolitan Washington.

Pate refused to discuss what might happen if the men didn't send their families home, saying any disciplinary action is up to the local commanding officers.

## General Expects Marines to Send Families Home

TOKYO — The commandant of the U. S. Marine Corps said that he expects 250 Marines who brought their families to Japan to send them home, but he admitted he can't order them to.

The Marine commander, Gen. Randolph Pate, arrived with his wife on a tour of the Far East in the midst of a boiling controversy over the wives and children.

Marine Corps policy bars dependents overseas. But about 500 dependents of 250 members of the 1st Marine Air Wing came here on Japanese tourist visas.

The husbands paid for their transportation. Some of the Marine wives say their husbands have been threatened with "continuous transfers" or bad fitness reports unless they sent the families home.

"Neither I nor any other military man has the authority to order dependents to return to the United States," Pate said. "I have the right, however, to expect that Marines . . . will loyally do their utmost to carry out my announced policy in this regard."

"In a time of crisis which might come quickly in the Far East . . . our men would have no time to care for their families."

Pate refused to discuss what might happen if the men didn't send their families home, saying any disciplinary action is up to the local commanding officers.

## Big Majority Of Ruralists Shun Church

ST. LOUIS — A great majority of farm and other rural people don't go to church, if rural Missouri can be used as a sample for the rest of the nation.

The non-church going habits of rural Missourians were disclosed in findings of a four-year study by the University of Missouri's rural sociology. A report of these findings was to be presented to an annual conference on the Church in Town and Country here today by Dr. Lawrence M. Hepple, rural sociologist at the university.

About 1,000 rural life leaders are attending the conference sponsored by the National Council of Churches.

The report said that less than one-fourth of rural Missourians attend Sunday services on an average Sunday; country churches often are located badly, miles from the villages or parishioners; and country clergymen earn incomes far below national averages, with ministers in small "sect" churches living on small cash salaries.

The study, carried out with the cooperation of the Bible College of Missouri and the Rockefeller Foundation, analyzed 505 rural churches and 345 clergymen in six sample areas.

In a speech last night, Dr. David E. Lindstrom, rural sociologist at the University of Illinois, suggested a new kind of Christian missionary as a means of winning the minds and hearts of Asia's millions.

He said missionaries should go slow on preaching and instead work with all "progressive forces" striving to improve living standards in Asia.

Lindstrom said they should be trained "in terms of rural life," should have full knowledge of forces creating unrest there, and should work from an understanding of Asian viewpoints.

## School Bonds Fall Short by 10 Votes

## Sauced Veal Chops Make Super Dish

VEAL CHOPS... baked with a wonderful sauce.

By CECILY BROWNSTONE  
Associated Press Food Editor

Veal chops, baked in a tomato-olive sauce, make a fine main course because—except for basting a few times—you can forget about them while they are getting succulently tender. Another advantage of this recipe: if you arrange the chops in an attractive baking dish, they can go straight from oven to table.

## 4-H Club Has Installation Of Officers

By Mrs. York Finley

MARSHALL JUNCTION — The Willing Workers 4-H Club, Marshall Junction, met Oct. 1 at the Blackwater 100 School. The president, Larry Holland, officiated. Pledges to the American and 4-H flags were led by Gary Griffith. Roll was called by the secretary, Roger Treece, and answered by 16 members. Miss Bernice McVeigh installed the following officers: Judy Marshall, president; Ruth Ann Clark, vice-president; Gary Griffith, reporter; Gladys Holland, song and game leader; Billy Jim Marshall, historian; Roger Treece, parliamentarian; Maureen Thomas, flag bearer. Plans were made for a Halloween party Oct. 30. The new president appointed a recreation committee, after which refreshments were served.

Mr. and Mrs. Wesley Tooker and Jane visited Mr. and Mrs. John Treece and family near Ridge Prairie Sunday afternoon. Mrs. Martha Thompson had as dinner guests Sunday, Mr. and Mrs. Early Simms, Mrs. Maggie Godman of Marshall, Mr. and Mrs. Hugh Wingfield, Mr. and Mrs. Gilbert Green, Mr. and Mrs. L. C. Griffith, Gary, Karen, and Dale. The previous Sunday Mrs. Thompson had as callers Mr. and Mrs. Eddie George, Mrs. Lula Herndon and Miss Pearl Tussy. Green Ridge, Saturday callers in the home were Mrs. Elizabeth Chiswell of Warrensburg, and Mr. and Mrs. Harry Campbell.

Mrs. Elizabeth Chiswell, Warrensburg spent the weekend in the Charles Zahl home. She brought Mrs. Clay Killion Sr. with her, who spent the weekend with her son, Clay Killion Jr., and family near Herndon.

Mrs. Emmett Walker was hostess to the New Salem Baptist WMS Thursday afternoon at two o'clock. Mrs. York Finley gave a review of "Mrs. Maynard's House" by Foy Willingham Young, a story of missionary work in Japan. Mrs. James Renison presided over the business session. Refreshments were served by the hostess.

Mrs. E. E. Foster had as dinner guests Sunday, Mr. and Mrs. Lloyd Helms and son, Warrenton. Afternoon callers were Mr. and Mrs. James Murphy of Marshall, Bobby Hanley, Spokane, Wash., was also visiting his uncle, Harry

chops when we served them with pasta dressed only with butter and grated cheese. We chose shells for the pasta, but you may want to use some other variety. For the cheese we used Romano, but you may substitute Parmesan, if you prefer, or even a good cheddar.

Serve a cooked vegetable with the chops and a salad—or omit the vegetable and offer only salad. The soft texture of the veal and the pasta takes to something crisp. We also served crisp French-bread rolls so every last remnant of the good sauce could be mopped up with snippets of them. A prune whip was our dessert and added an airy ending to a satisfying meal, but a soufflé would be equally pleasant.

If a marinara-type tomato sauce is available, be sure to use it in this recipe. That combination of peeled plum tomatoes, olive oil and seasonings is just right with the veal. The olives in the dish add an unexpected and interesting flavor.

### VEAL CHOPS WITH TOMATO OLIVE SAUCE

Ingredients: 6 veal rib chops (about 1/2-inch thick), two tablespoons butter or margarine, 1 can (8 ounces) meatless tomato sauce, 2 tablespoons cooking sherry, 1/2 cup sliced pimiento-stuffed green olives.

Method: Have meatman crack chop bones about 1 inch from ends. Brown chops on both sides rapidly in hot butter. Mix tomato sauce, sherry and about 1/4 cup of the olives. Turn tomato sauce mixture into baking dish—about 8 by 12 by 2 inches. Cut through ends of chops where bone has been cracked. Arrange chops, in one layer, over tomato sauce; tuck chop ends into small spaces. Bake, uncovered, in moderate (375 degrees) oven until chops are tender—about 45 minutes. Baste every 10 or 15 minutes. Sprinkle with reserved olives and serve at once. Makes 4 to 6 servings.

Note: Iron skillets are excellent for browning meat. If you have a very large one (about 12 inches) you can brown the 6 veal chops called for in this recipe in it at one time. If not, the chops may be browned at one time in two

Hanley, in the home. Bobby is in Missouri with his mother, Mrs. Arch Hanley, because of the illness and death of Mrs. Hanley's father.

Twenty-five completed the Training Union study course conducted last week at the New Salem Baptist Church. The adult class was taught by the Rev. Bill Hollis and the intermediate class by Emmett Walker. The training union manuals were studied. Miss Edith Miller is the T. U. Director for the coming year.

Rev. and Mrs. Bill Hollis had as guests Sunday his parents, Mr. and Mrs. W. D. Hollis, and a cousin, Mrs. Daisy Sorters, all of Clinton.

If you use small wooden skewers for broiling tidbits outdoors, be sure to soak the skewers for an hour or so before you're ready to cook.

smaller iron skillets. A 10-inch iron skillet will take four of the chops and 1 1/2 tablespoons of the butter called for may be used in it; an 8-inch skillet will take the other two chops and the remaining 1/2 tablespoon of butter may be used in it.

### OTHER WAYS WITH VEAL CHOPS

Kitchen Trick—When you are flouring veal chops before browning them, pour the seasoned flour into a sturdy brown paper bag that's a good size. Now put the chops in the bag and twist its top to close tightly. Shake the chops and flour together well in the bag. Easy and quick!

Good Partners—Breaded veal chops take to the company of fried apple rings. Put a dab of currant jelly in the center of each apple ring, just before serving, for pretty color.

## Girl Scout Troop 3 Studies First Aid

Girl Scout Troop 3 met at Smith-Cotton High School in Room 6 on Friday, Oct. 12. The girls began work on the Junior Red Cross First Aid Course under the direction of Mrs. L. O. Griffith, Jr.

Those present were: Sharon Bartlett, Betty Sue Edde, Jeanie England, Marscha Evans, Sandra Hammond, Marilyn Michael, Anne Uhr and Sharon Wingfield. Mrs. R. D. Uhr is leader of Troop 3.

The next meeting will be Oct. 26, at which time the girls will study bandaging.

stewed tomatoes and add some sliced pimiento - stuffed olives. Serve with breaded veal chops. Save panwashing by making the sauce in the skillet in which the chops were cooked—after they are removed, and just before serving. Meanwhile keep the chops warm on a piece of aluminum foil the old-fashioned way—on the back of the stove.

## Try These Hearty Spaghetti Sauces

By CECILY BROWNSTONE  
Associated Press Food Editor

Try these spaghetti sauces now. Then, if your family likes them, you'll have them to bank on for economical and quick main dishes all winter long.

One of the recipes combines tomatoes and clams—a combination that has been favored fare in many coastal towns and cities for years. But now that there are excellent canned minced clams available, this combination is bound to win inland praise. Put this sauce together quickly and let it cook over low heat for about an hour and a half; you can go about other household chores during this time because the sauce will need no more attention than an occasional stir.

The other recipe is the good old tomato-meat combination—brought up to date with a time-saving canned spaghetti sauce and ground beef. We find that several brands of these meatless tomato spaghetti sauces are very good indeed; shop around and try several until you find the one your family likes best.

Again, when you are shopping for the spaghetti to serve with the sauces, remember that you can get the regular or the thin variety.

### SPAGHETTI WITH CLAM SAUCE

Ingredients: 1 can (1 pound) tomatoes, 1 can (6 ounces) tomato paste, 1/4 cup chopped onion, 1/4 cup chopped green pepper, 1 clove garlic (minced), 2 teaspoons salt, 1 teaspoon dried crushed oregano, 1 can (10 1/2 ounces) minced clams, 3 quarts boiling water, 1 tablespoon salt, 8 ounces spaghetti.

Method: In a saucepan, thoroughly mix the tomatoes, tomato paste, onions, green pepper, garlic, 2 teaspoons salt and oregano. Cook over low heat about 1 1/2 hours, stirring constantly. (Use an asbestos pad under the saucepan if necessary to keep heat low.) Add clams, including liquid in can; heat but do not boil. About 10 minutes before sauce is done, add 1 tablespoon salt to the rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over spaghetti. Makes 4 to 6 servings.

Note: To keep spaghetti long and unbroken, do not push top ends down into boiling water until bottom ends are flabby.

### SPAGHETTI WITH SPEEDY MEAT SAUCE

Ingredients: 1 tablespoon olive oil, 1/2 pound ground beef chuck, 1 can (10 1/2 ounces) meatless tomato spaghetti sauce, salt, pepper, 3 quarts boiling water, 8 ounces spaghetti.

Method: Heat olive oil in saucepan or skillet. Add beef and cook until it loses its red color, mashing with a fork to crumble. Add sauce and salt and pepper to taste; simmer about 10 minutes, stirring a few times. Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over spaghetti. Makes 4 servings.

## Electron Microscope Throws New Light on Nervous System

ST. LOUIS, Mo. — The powerful electron microscope has thrown new light on construction of the nervous system — knowledge that could eventually help solve the mystery of multiple sclerosis and similar diseases.

The discovery concerns a substance known as myelin, found in the protective coating around nerves in the brain and spinal cord. Myelin is attacked and destroyed by degenerative diseases of the nervous system.

Dr. Sarah A. Luse, assistant professor of pathology at the Washington University Medical School, reporting on a two-year study, said it revealed myelin in the central nervous system actually is formed by and is a part of the nerve-protecting cells.

Until recent years myelin was regarded as inert matter of unknown origin deposited around the nerves.

Dr. Edward W. Dempsey, head of the anatomy department at the school and a member of the research review panel of the National Multiple Sclerosis Society, explained the significance of Dr. Luse's findings.

"The information on the origin and nature of myelin is a first-rate scientific discovery, not necessarily because of its relation to any disease, but because of the light it throws on the way the nervous system is constructed," Dr. Dempsey said.

"Every piece of information adds one more clue which finally could be used in unraveling the entire progress of multiple sclerosis and similar diseases of the central nervous system."

Some 60 scientists attended a conference here, sponsored by the multiple sclerosis society, at which Dr. Luse presented electron microscope pictures. Magnified up to 100,000 times, they showed how myelin is formed. Her studies were on animal tissue.

Digs Self Ticket  
OKLAHOMA CITY (AP) — Police booked Billard Edward Tubbs, 25, for reckless driving-by digging. Officer R. T. Standridge said the unusual citation came after he cited Mrs. Tubbs for speeding. The officer said that 10 minutes later Tubbs came by and spun his wheels so that gravel flew over a 20 to 25 foot area pelting Standridge.

## 4-H Club Has PTA Program After Session

The Striped College PTA held its regular meeting recently.

Mrs. Fern Shipley, president, announced that the Striped College PTA was the only one receiving the award from the district in membership and that the Missouri Parents Teacher Magazine had acknowledged Striped College PTA in the membership.

The meeting was opened with singing the "Star Spangled Banner" with Mrs. Clarence Letter at the piano. The 4-H song was led by Leland Finley. Miss Irene Shipley, 4-H member, gave the devotion. She read two selections from the New Testament, followed with a reading, "If Jesus Came to Your House," accompanied on the piano by Mrs. Letter.

The budget and finance committee announced that \$45 was made on the ice cream social.

Mrs. Don McQueen gave the lunch room report stating 895 lunches had been served in Sept. Mrs. G. E. Stevens gave a report on the County Council meeting which she and Mrs. Shipley had attended at the Mosby Hall in September.

Those attending the district conference held at Marshall on Sept. 28, from Striped College were: Mrs. Fern H. Shipley, Mrs. John Linville, Mrs. Ted Dabner, Mrs. G. E. Stevens and Mrs. Martin Schupp. Mrs. Stevens gave a report on the meeting.

It was voted to send a delegate to the state meeting to be held in Kansas City on Oct. 30, 31 and Nov. 1. Mrs. Fern Shipley was selected as the delegate.

An announcement was made of the County Council to meet at High Point School on Nov. 13. On Dec. 7, it will meet at Striped College.

The Striped College Study Class will meet Oct. 18 at the home of Mrs. John Linville.

After the business meeting, Mrs. Ted Dabner, program chairman, presented the entire Striped College 4-H Club in a program. Patty Jo Rodewald served as master of ceremonies. The 4-H group sang the "Bus Song," after which four beginners gave the 4-H Pledge. A safety skit was followed with a demonstration by William Finley.

A quartette composed of Jo Ann Leiter, Judy Hopkins, Mary Eye, and Mary Bohon sang, "Beyond the Sunset." A skit, "Ghost Convention," was presented; Leland and William Finley sang a duet "He," A citation, "The Worm," was given by Michael Riley, Philip Rodewald, John Bohon and Tommie Carver. The program closed with a dress review by 4-H girls.

The following past and present project leaders were recognized: Ted Dabner, Hubert Finley, F. H. Shipley, Martin Schupp, Fred Staley, Jr., Mrs. Hubert Finley, Mrs. Fred Staley, Mrs. F. H. Shipley, Mrs. A. Kroeger, Mrs. Leo Leiter and Mrs. Ellis Garrett, Mrs. Charles Bahner, Mrs. Martin Schupp and Mrs. Ted Dabner.

Mrs. Fern H. Shipley gave a reading she had composed in honor of Mrs. Lester Patrick, who has been the Striped College 4-H leader and project leader for the past ten years. Mrs. Dabner then presented Mrs. Patrick with a 4-H plaque.

The following 4-H members taking part in the program were: Patty Jo Rodewald, Irene Shipley, Duane Stevens, Joy Carver, Bonnie Carver, John Michael Dabner, Kim Dabner, Tommie Carver, Brenda Hughes, Rose Moriarty, Lyndia Eckles, Mary Eye, Mary Bohon, Jo Ann Leiter, John Bohon, Don Eye, Phillip Rodewald, Joyce Kroeger, Virginia Leiter, Mary Bahner, Charles Bahner, Eddie Shipley, Henry Perkins, Ralph Eye, Leland Finley, William Finley, Judy Hopkins, Michael Riley, Jerry Smith, Margaret Bohon and Sheila Linville. The Striped College Extension Club members were guests at this meeting.

It was announced the next PTA meeting will be Nov. 2, with a basket supper. The Highway Patrol will take part in the program.

## Hefty Mess Sergeant Re-enlists in Army

COLORADO SPRINGS, Colo. — It's another hitch in the Army for Sgt. James Love, a hefty mess sergeant once threatened with a court-martial because he wasn't peeling off weight fast enough.

The 34-year-old native of Cincinnati had said he would join the Air Force after his Army enlistment expired. He changed his mind when discharge day came last Wednesday and re-enlisted Saturday.

"The Army has more to offer," he said. Love weighed 237 when "Operation Fat Man" was put into effect at nearby Ft. Carson last March by Maj. Gen. Thomas Watlington, then commanding general.

When the court-martial threat came, Love protested. An investigation was started, the weight losing order was rescinded by the Pentagon, and charges against Love were dropped.

His weight is now 220 and he says he eats "just when I'm hungry."

ENVOY TO HUNGARY—Edward T. Wailes is the new United States minister to Hungary. The long-time foreign service officer's career dates back to 1930, when he was U.S. vice consul in Shanghai, China.

## Shavian Fans Say Amateur Rights Killed

CHICAGO — Shavian enthusiasts today said the late George Bernard Shaw has become a victim of "commercial censorship" and that amateur rights to his play "Pygmalion" have "disappeared somewhere behind the Iron Curtain of a Broadway musical, 'My Fair Lady.'"

The Chicago Shaw Society said that as a result of the sensational success of Broadway show—a musical version of Shaw's play—no amateur or stock group in America is allowed to stage "Pygmalion." It also said that the movie version of "Pygmalion" has been withdrawn from public exhibition.

Elmer Gertz, attorney and president of the Chicago group, and Mrs. Lois E. Solomon, a suburban Glencoe housewife instrumental in formation of the society, said withdrawal of amateur producing rights to Pygmalion violates Shaw's will.

In New York, a spokesman for "My Fair Lady" producer Herman Levin said Levin had permission of Shaw's estate to produce the musical, as well as stage and screen rights to the musical until 1970.

He said the only restriction he knows of is against showing the movie "Pygmalion," which is part of the agreement with the Shaw estate. "Pygmalion," which is part of the agreement with the Shaw estate.

The spokesman said that as far as was known there are no restrictions of nonmusical presentations of "Pygmalion."

But Gertz and Mrs. Solomon said the Chicago society had received complaints and inquiries from university theaters, high school drama groups and amateur groups for production.

William D. Chase of Flint, Mich., secretary of the Shaw Society of America, said in a statement that the situation makes the late Irish playwright the "victim of a new type of censorship."

## Says GI Bill Should Continue for Duration Of Selective Service

HOUSE SPRINGS, Mo. — Sen. Jennings (D-Mo) says educational and training opportunities of the G. I. bill of rights should be continued as long as young men are under selective service.

The senator told a Democratic rally here that he would continue to support such legislation because "this is the least we can do . . . We should not let our desire to balance the budget blind us to the immense good which these opportunities have accomplished for our veterans and our country."

"It is responsible for our country being the best educated in the world," Jennings said in an age in which democracy is under attack "from 'isms' which feed on fear and ignorance" it is imperative we have an informed, educated and resolute citizenry.

"Every trusted and revered institution in American life," he said, "is today richer and much more adequately staffed as a result of the wisdom which inspired this legislation."

## Entertainers, Candidates Will Be On TV Show

WASHINGTON — The Democrats said today a number of top entertainers, along with their national candidates and others, will take part in a television program beamed to a series of fund-raising dinners Saturday night.

The National Committee announced 29 of the dinners will be held in all sections of the country, with various sized campaign contributions required for attendance. In Washington, the amount is \$100.

National Party Chairman Paul M. Butler will open the closed circuit TV program, speaking from Chicago.

Others who will speak include Adlai Stevenson and Sen. Estes Kefauver, the party's presidential and vice presidential nominees speaking from Chicago and Los Angeles, respectively; former President Harry S. Truman, from Washington; Mrs. Franklin D. Roosevelt, from New York City; and Sen. John F. Kennedy (Mass.) from Indianapolis.

Orson Welles will be master of ceremonies for the entertainment program. The cast will include Harry Belafonte, Leonard Bernstein, Marlon Brando, Bette Davis, Paul Douglas, Henry Fonda, Geraldine Fitzgerald, Gary Merrill, Mitch Miller, Nancy Olson, Robert Preston, Robert Rayn, Yul Brynner, Lauren Bacall, Franchot Tone, Ann Miller and Faye Emerson.

## Bright Color Hair, Knee-Length Shorts To Be New Styles

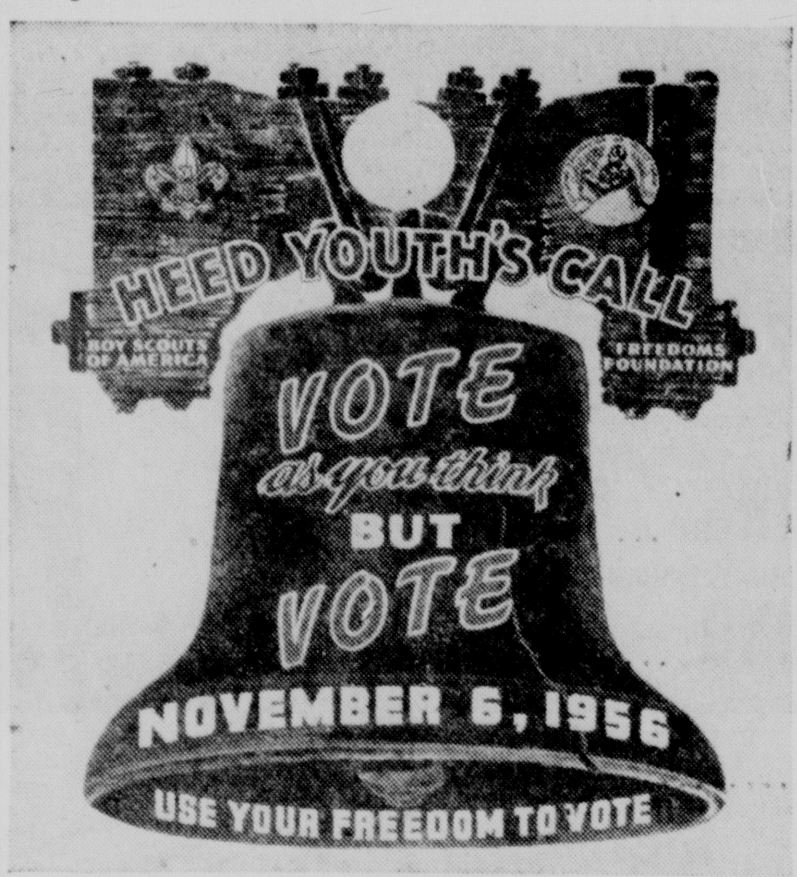

LOS ANGELES — Brighter and gaudier hairdos are in vogue, and knee-length swimming shorts for men.

Members attending yesterday's opening session of the Coiffure Guild of Los Angeles said the emphasis next year will be on styles called "Olympia Cut" and "Ballerina Flare," with soft lines replacing severe poodle cuts and duck tails of 1956.

Another member predicted madame's coiffure will be more colorful, with emphasis on two-tone jobs.

*Now Forestall Unnecessary Degeneration of Body Processes And Vitality Losses Due to Dietary Insufficiency Of These Six Anti-Degenerative Elements: Protein, Iron, Calcium, Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin...*

# After 40 Help Keep Normal Vitality Up Longer

With The New Miracle Loaf

# STAFF

SPECIAL DIET BREAD

Containing High, Potent Amounts Of The Above Six Anti-Degenerative Elements For Maintenance And Repair Of Cells, Tissues, Organs, Bones

Gerontology, the science of aging, attributes much needless degeneration of physical and mental vitality after 40 to a deficiency of these six dietary elements:

(1) protein; (2) iron; (3) calcium; (4) Vitamin B<sub>1</sub>; (5) Vitamin B<sub>2</sub>; (6) niacin.

Failure of the body to secure sufficient amounts of one or all of these six "anti-degenerative" elements can result in serious deterioration in the structure and health of bones, organs, tissues and cells.

Normally, all the elements for good nutrition are supplied in a well-balanced diet. However, too many people, particularly after 40, fail to eat meals of good dietary proportions.

Thus risk losing normal mental and physical vitality.

### A Boon To People Over 40

Recognition of this common danger to people over 40 has now resulted in the scientific development of a new loaf to take the place of ordinary bread.

The name of this new miracle loaf is Staff. It is different from

any loaf ever before known principally in that Staff contains high, potent amounts of these six "anti-degenerative" elements which must be present in the dietary to avoid vitality losses.

Thus, eating Staff is like taking a prescription... "an ounce of prevention" that can help you keep normal vitality up longer. (Please note: Staff is not a "cure." Only a doctor can help the person suffering the effects of deficiency of any one or all of the six anti-degenerative elements.)

### Better Than Taking Medicine

To doctors who specialize in treatment of older people, good nutrition is of utmost concern.

First, because good food is fundamental to good health.

Second, because the cost of medicines is a hardship to many older people.

Most important, well-nourished older bodies are better able to withstand shock and disease.

Thus, eating Staff as "an ounce of prevention" to avoid falling into a "deficiency hole" is better than paying for medicines to get

out of a "deficiency hole."

### Keep Normal Vitality Up Longer

To help keep normal vitality up longer, eat a well-balanced diet of protein foods such as milk, meat, fish, eggs, cheese; energy foods such as bread, beans and potatoes; protective foods such as oranges, tomatoes and green-leaved and yellow vegetables.

And-eat Staff Bread every day. Because Staff contains high, potent amounts of the six anti-degenerative food elements which gerontology recognizes many people fail to eat in sufficient amounts.

6 ounces of Staff daily should help protect you against deficiency in these vitality-saving elements.

### Costs More — Worth More

Staff is white with a somewhat firm texture. And a flavor richer than ordinary white bread. And a wonderful toasting quality.

Staff costs more than ordinary white bread. However, the nutritional improvements make it vastly superior.

And it's smarter to eat Staff

6 OUNCES OF STAFF CONTAIN APPROXIMATELY THE FOLLOWING COMPARABLE AMOUNTS OF THESE ANTI-DEGENERATIVE DIETARY ELEMENTS			
Approx. As Much Complete Protein As 3-oz. Slice of Roast Beef	1 Slice of Roast Beef Contains 29 mgs. of Protein. 6 oz. of Staff Contains 15 mgs. of Complete Protein.	Approx. As Much Iron As 3-oz. of Calves Liver	3 Ounces of Calves Liver Contains 9 mgs. of Iron. 6 oz. of Staff Contains 10 mgs. of Iron.
Approx. As Much Calcium As 1 Glass of Milk	1 8-oz. Glass of Milk Contains 288 mgs. of Calcium. 6 oz. of Staff Contains 344 mgs. of Calcium.	Approx. As Much Vitamin B <sub>1</sub> As 6 Eggs	6 Eggs Contain 6.78 mgs. of Vitamin B <sub>1</sub> . 6 oz. of Staff Contains 6.79 mgs. of Vitamin B <sub>1</sub> .
Approx. As Much Vitamin B <sub>2</sub> As 2 Slices of Ham	2 Slices of Ham Contain 8 mgs. of Niacin. 6 oz. of Staff Contains 8 mgs. of Niacin.		

rather than ordinary white bread and buying medicine to get the same six anti-degenerative food elements contained in Staff.

Thus... as "an ounce of prevention"... you are urged to eat Staff every day.
